**BRIDGE**

The Christian Endeavor meeting next Sunday evening will be conducted by Miss Myrtle Beckett. The topic is "How Can I Help My Church?"

Mrs. Melissa Brownson and Mrs. Carrie Benham were dinner guests Thursday evening at the Elmer Brownson's birthday anniversary.

Mr. and Mrs. W. H. Huff, of Redmond, who have been visiting in this community, went to South Blough Sunday to spend a few days. They plan to return to Redmond the last of this week.

The attendance at the program given in the school auditorium Friday evening by the Christian Endeavor society was not as large as had been hoped for but the evening was much enjoyed by those who were present. Between acts a humorous reading was given by Lynn Culver with piano accompaniment by Myrtle Beckett. A little over \$7.50 was cleared, which completes the September payment on the church organ and starts a fund for repairing the church roof.

Mrs. Orlin Lett and daughter, Joan, were guests at the A. O. Hooton home from Thursday till Saturday of last week, while Mrs. Lett was suffering with a streptococcus infection in her hand, which necessitated keeping it continually in hot water or hot packs.

Mrs. Frank Culver, Pomona lecturer, accompanied by her brother, Glen Hutton, went to McKinley Saturday evening to attend the special Lecturers' council held there.

Mr. and Mrs. Roy McAllister, of Marshfield, were over Friday evening to attend the Christian Endeavor play.

Ray L. Beckett was ill the past week-end with a severe cold.

Charles Wilson, of Sitkum, who has been staying with his grandparents, Mr. and Mrs. W. A. Lett, in Myrtle Point, and attending high school there, is staying now at the Orlin Lett home here and going to school on the bus. Mr. and Mrs. Lett left Monday morning for Eugene, where Mr. Lett underwent a surgical operation the following morning.

**There's Magic In Petroleum**

Because a barrel of crude petroleum consists of a mixture of substances of varying composition, many of which can be converted into other compounds by chemical processing, it is a veritable magic box for the modern chemist, according to the research department of the Gilmore Oil Company. Hundreds of compounds used in the making of paints, plastics, soaps and cosmetics are derived from petroleum, point out the Gilmore chemists.

**Riverton School**

If hot dogs could have barked, there would have been a tremendous racket in the halls of the school house last Friday. Hot dogs were running everywhere during the noon hour in the hands of hungry boys and girls who were taking advantage of the sale being held at that time by the sophomore class. The class cleared over \$3 on the sale.

"A Ready-Made Family," student body play of Riverton High, got under way last week with a very promising cast. Those who were chosen to take part received their appointments on the basis of their ability to act, their voice, and their scholastic standing. The cast is as follows:

Begonia Washington, a colored servant of the Martin family, Caroline Feich.

Nicodemous Pipp, the Martin's colored hired man whom Begonia enjoys teasing, Orton Stanley.

Agness Martin, a widow, Ferril Schroeder.

Marilee, her elder daughter, Clara-belle Chard.

Bob, her son, Junior Gilbert.

Gracie, her youngest child, Marguerite Carlson.

Miss Lydia, her sister-in-law, Gladys Gilbert.

Henry Turner, a widower, Clifton Guerin.

Doris, his daughter, Hazel Heffley.

Other students who signed up for parts in the play will be given an opportunity to take part in the between-acts stunts, musical numbers, and the incidental committee work. This year, an exceptionally great number of students expressed a desire to assist with the production of "A Ready-Made Family."

The girls and boys of Riverton High are taking full advantage of the fine fall weather. The boys, under Mr. Robinson, are playing one of the "57 varieties" of touch football. The girls, coached by Miss Gilman, have been playing the feminine version of soccer football.

Riverton's first scheduled basketball game of the 1938-39 season will be with Powers in the Riverton gym on Jan. 6. Riverton's first game last year was also played with Powers on the Riverton floor.

Miss Opal Robinson and Wayne Robinson were members of the Riverton teaching staff, who attended the Myrtle Point meeting of 4-H leaders and others interested in 4-H club work and community recreational ideas. The meeting was held last Friday evening.

The senior class just received a sample of the \$1 per box Christmas card assortments which they are selling for the coming Christmas season. The assortment of 21 cards in each box is even more varied and more beautiful than those which were sold last year. Any one interested in seeing this sample may do so by telling any Riverton high school senior.

At a meeting attended by several representatives of the Home Ec. club and Miss Nye and Mr. Robinson on Friday, it was decided to start the school cafeteria next Monday, October 3. The work in the cafeteria is done by the active and associate members of the Home Ec. club. The profit derived from the nickel (six for 25c) hot dishes sold, is used for an educational Home Ec. trip in the spring. Last year, the group attended the Home Ec. conference at Drain, went to the "Crazy House," Oregon Caves, and home by way of Crescent City and the California redwoods. The girls hope to visit Portland and vicinity next spring.
