Club Events

The Mothers' Club of the Roy school district has purchased for the school a new radio. Each Friday afternoon the mothers gather at the school house and listen to Dr. Montgomery's broadcast after which discussion follows. Another group that is listening in is at Prosper where the women gather at the home of Mrs. Walter Dinsmore.

New Buildings

The Marshfield school district having received a grant for a new building, the indications are there will be several new school plants in Coos county next year. Other schools which are to build soon are Bandon and Coquille.

Consideration Should Be Given

Probably no date is so important in the welfare of any state as is election day. Every thinking citizen should feel his obligations in knowing as much as possible about the candidate and the measures being considered. At this election there are several which vitally affect boys and girls and should therefore have very careful consideration. One of these is the Marriage bill. Another is the Sale of Alcohol bill and then there are three which have to do with gambling.

The New Fords To Be Here Saturday

Coquille will see the surprise that Henry and Edsel Ford have planned for the auto-minded public of the country right in the front display room of Bosworth Motor company Saturday, November 5, when the 1933 Ford is first shown in the city. There is a real treat in store and

so far there have not been any published pictures of the car shown in any advertisements or films so that in order to get just a glimpse one must pay a visit to Bosworth Motors this Saturday.

And there is also to be another surprise in store if the supply for the state is great enough to allow all dealers to have in their show rooms the new Mercury which the Ford company is also making as a middle-priced car this year. The Mercury is

another secret awaiting public announcement.

Manager Lanis Bosworth, together with Gene Manning and Ernest Watkins of the sales force, viewed the new Ford in Portland last week and "there's nothing like it in the world" to them. Although the many new features are quite numerous, the new hydraulic brakes are among the most outstanding improvements, according to Mr. Bosworth.

Calling cards, 50 for \$1.00.

New Dodge Displayed Here

The 1933 Dodge car was displayed last week by the City Motors in the display rooms on Front street. The car was widely acclaimed by everyone who saw it and is expected to be a popular number here this coming year. The biggest trouble the local dealer is experiencing with the Dodge and Plymouth dealership is the difficulty in getting new cars here for the customers already sold on the merits of these fine, new cars.
