

Honoring Geraldine Ensole on her birthday, Mrs. Carl Ensole invited a few friends to their home Wednesday evening. Chinese checkers and other table games were enjoyed. Delicious refreshments, including a large birthday cake, were served at a late hour. Guests included Crystal Grindie, Eileen Kern, Freddie Middendorf, Walter Gilkison, Leonard and Geraldine Ensole.

Red Devils Lose In Title Contest To North Benders

Coquille high school's football team lost its first game this season, last Saturday afternoon on the North Bend field, when the Red Devils succumbed to the North Bend Bulldogs by the score of 22-13.

The game was evenly played, though, and kept interest intensely keen until the last quarter when the strong running Susick of the Bend crew broke loose on his final gallop and crossed the goal twice in the last quarter to sew the game up beyond question. Up to the end of the third quarter, Coquille rooters were hopeful even with the score at 20-13 when a series of successful passes from Krantz to Goodman brought the pill over the end zone for the second Coquille score.

Right after this score, Schaer returned a punt that nearly developed into a touchdown strut but he was finally pulled down by the vicious tackling Bulldog array on their own 16-yard line and Schaer again drove off tackle to the five-yard line. Coquille hope was high at this point and it looked as though the Red Devils were really going to tie the game up into a stalemate when fate would

have it that the next play was a fumble in the passing of the ball to the tense backs trying to push the pill over the goal line in too great a hurry. The net result was the turning point of the game as the Red Devils never threatened again and from that point on, the North Bend boys were bent on destruction that brought them two more counters on broken field running by the clever Susick who intercepted a pass to make his last touchdown after a 68 yard sprint.

All in all, the breaks went against Coquille—especially a fumble on a five-yard marker at such a strategic time in the game when falter meant the turn of the tide—and the interception of passes when the wave was hitting them hardest.

From scrimmage, Coquille gained only a little more than a fourth as much as the North Bend outfit but more than trebled the yardage from passing in comparative figures. Coquille did pick up advantage in the return of punts and kickoffs which gave it a little more nudge into enemy territory but the scintillating play of Susick and Kelly of the winners was something that completely baffled the green but willing locals.

Jimmy Richmond in the backfield and Ralph Thrift at pivot post were most outstanding in defensive work for the locals while Everett Smith and Ted Schaer were the most crafty ball players of the day.

The Coquille team has one more game scheduled for this year, that at Myrtle Point on Armistice Day, Nov. 11.

DOG OWNERS FINAL NOTICE
The zero hour has arrived. You have disregarded our former notices. The Humane Society's deputies will commence serving summonses, not collecting licenses. You can explain to the court why you have not secured your new dog license. We are continuing our roundup of unlicensed dogs.

High School Library Gets New Books

The high school library is planning a special display of new books for next week, November 7-11, which is National Education Week. The newest publication and one of the most interesting is "The Yearling" by Marjorie Kinnan Rawlings. This book was presented to the library by Dr. T. De La Rhus, and the students of Coquille high school are very grateful to have such an early opportunity to read this excellent best seller. The display will include one reference book for economics, "Elements of Economics" by Fay and Bagley; two reference books for Civics, "Realities of American Government," by Houghton, and "Our Changing Government" by Steinberg, Lamm; and three reference books for U. S. history, "The Making of American Civilization" by Beard and Beard; "The Record of America" by Adams and Vannest, and "A History of Our Country" by Muzzeley. All of the reference books bear copyright dates of 1933 or later. The majority of the new book order, however, was intended for outside reading and was selected from the new Oregon State Library list of books for high schools published last spring. Each student in high school is required to read and report on a minimum of three books a semester outside of school. These books must be approved by the English teacher before a report may be made on them.

The books for this purpose, which will be on display next week, include two travel books: "Around the World in Eleven Years," by Abbe, and "A Vagabond in Sovietland," by Franck; two biographies, "Daniel Boone" by White, and "A Son of the Middle Border," by Gariand. The historical novel is represented by "Messer Marco Polo" by Byrne, "The Blazed Trail" by White, "Westward Ho," by Kingsley, and "A Candle in the Wilderness" by Bachelier. Several old-time favorites have been purchased in attractive new editions with large print. These include "The Last of the Mohicans" by Cooper; "Robinson Crusoe" by DeFoe; "The Count of Monte Cristo" by Dumas; "Pride and Prejudice" by Austen, and "Lorna Doone" by Blackmore. The list also includes two books for animal lovers, "Smoky" by James, and "Bob, Son of Battle" by Ollivant. Exciting adventures abound in "The Sea-Hawk" by Sabatini, "Oil for the Lamps of

China" by Hobart; "Captains Courageous" by Kipling, and "Beau Geste" by Wren. The later American novel is represented in "Jalna" by M. de la Roche, "So Big" by Ferber, "Arrowsmith" by Lewis, and "Mutiny on the Bounty" by Nordhoff and Hall.

All the books will be on display for one week, giving students an opportunity to examine them and select the ones they wish to read the next week.

In addition to the books which go on display next week, the high school received last week a complete set of the 1938 "Americana" encyclopedia. This set is complete in thirty volumes and is a newly revised and modern edition of the 1918 "Americana" which was purchased in 1925 for our high school. This purchase brings our reference material up to date and fairly complete for a library of our size.

STREAMLINERS TO MARS

E. F. Hogan, freight and passenger traveling traffic agent for the Southern Pacific, facetiously remarked in the Sentinel office Tuesday morning that the S. P. was now offering streamlined train service to Mars and wondered how many round trip passengers he might count on booking here! The thought was no more fantastic than the idea so many had Sunday that the Martians were attacking the Atlantic seaboard.

Marriage Licenses

Oct. 29—James Wilson Arthur and Nellie Gelene Brown, both of Myrtle Point.

Oct. 31—Sheldon Hartzell, of Port Orford, and Helen M. Baird, of Marshfield.

R. H. LAWHORN
County Commissioner
Democratic Candidate for Re-election

I am making my claim for reelection upon the accomplishments of the past four years, namely:

In the saving to Coos County of approximately \$12,000 yearly in interest payments by the funding of warrants and reduction of interest rate.

Upon the thousands of dollars increased revenues by the sales of county owned property, increase percentage of gas tax refund and the settlement of the O & C Land Grant sales of which the county now receives a 75% benefit.

A Bill before Congress, which we have every assurance will become a law, will give Coos County a 75% share of the sales from the Coos Bay Wagon Road Grant Lands instead of 25% as heretofore. This alone will mean hundreds of thousands of dollars to the county from this Land Grant.

Many more savings and revenue increases have been accomplished. Coos County also has built nearly 100 new bridges, replaced several hundred more, spread thousands of yards of rock upon roads, besides building over 40 miles of new grades. Additional to this, several hundred miles have been maintained. To do this it was necessary to buy considerable new equipment which makes our shop and road equipment today compare favorably with other counties in the State. Never in the history of Coos County has there been so much road and bridge work accomplished, for the amount of money expended.

We have raised salaries and wages to conform with other like industries.

We have met our indigent and Old Age commitments and have preserved the credit of our county.

In spite of all this expense we have during the past three years, not only underspent our Budget allowances, but have reduced our county debt over \$375,000.

Upon the above accomplishments and my pledge for further debt reduction I solicit your vote NOVEMBER 8th.

R. H. LAWHORN
