

Riverton School

Diphtheria Immunization

Mrs. Littler, of the county health department, visited the Riverton school Monday, February 6, and gave the second shot of toxoid for diphtheria immunization to nineteen school children and two teachers.

Dr. Poling To Visit

Mr. Robinson has received word from the contact committee of the state system of higher education that Dr. Poling, contact man, will visit the school to talk to students; especially to the seniors who are contemplating further education after high school graduation.

Play Bandon, Feb. 17

Riverton high's last home basketball game will be played on February 17 with Bandon. After that game, the squad will spend the remaining two and a half weeks in good hard work, preparing for the tournament at Ashland on March 9-11.

Boards Meet

A meeting of the two school boards was held Tuesday afternoon, Feb. 7. Refreshments were served to the board by Miss Nye's domestic science department.

Junior Dance

The elements seemed to have been conspiring against the juniors Friday night when they staged a public dance to raise funds for the depleted class treasury. In spite of the storm, the class cleared about \$10.

Home Economics

Miss Nye's home economics I class is working on clothing selection based on the present needs of the girls.

High Water

The good fortune of Riverton school this year seems to have come to an end. Last year, the school was closed twice as a result of high water. This year—up to last Monday—the busses were able to use the ferry, the school was able to run without interruption. Since high water on the North Bank road will close down the school, it can hardly be hoped that the school will not be closed yet this spring even though the main highway remains open to traffic.

Popcorn Sale

Miss Opal Robison's room, consisting of the fifth and sixth grades, have been helping out the school's library fund by raising money to buy current magazines printed on the grade school level. A popcorn sale was held last week, the proceeds from which were used to buy subscriptions to the "Weekly Reader Magazines."

Goodwin-Gaslin

Frances Goodwin, a former Riverton high school student, was married in Vancouver on Jan. 23, to Charles Gaslin of Coquille. The couple spent a few days in Portland and returned to their home at Fairview.

Seniors Meet

A meeting of the senior class was called last Friday by Miles Hartwell, president. The class chose "Honor waits at labor's gate," as a class motto; carnation as class flower; and red and white as class colors. A tentative itinerary for the senior sneak

CUPID FALLS SHORT UNDER NEW MEASURE

Cupid's dart is falling radically. At least County Clerk Lloyd Oddy thinks so, and due chiefly to the new law passed by public approval last fall which made the act of marriage considerably more difficult by higher fees and requiring a physical exam for each applicant.

At the rate licenses are being issued by the clerk this year so far, the revenue from these permits will only be about \$200 compared to \$924.00 received in 1938. There were 308 marriage licenses issued in 1938 and there will be only about 65 issued this year unless there is a sudden change of heart somewhere. Up to Monday of this week, Feb. 6, there had been issued only five licenses, bringing \$15.00 in fees to the office, compared with 15 licenses, with \$45.00 revenue in 1938, for the same period.

"Surely this law could not destroy the great institution of matrimony," said Mr. Oddy, "they must be getting married somewhere," and so they must, with the California line only 135 miles away and Washington up the coast a couple of hundred miles.

was also decided upon. The treasurer reported a financial accumulation of about \$35.

Evening Classes

Mr. Rycraft reports that a great deal of interest is being shown in his Smith-Hughes evening classes in agriculture and shop work. An effort is being made to have guest speakers who are experts in their particular line of shop work appear before the group. The largest attendance so far has been sixteen men who reported last week.

Third and Fourth Grades

Clicica and Margaret Byers registered last Wednesday. They are from Montgomery, California. This makes nineteen in the third and fourth grades.

First and Second

Billy and Barbara Carliss are new pupils. They are from Catching Creek. Davis Mullin, from Coquille, is also a new student.

4-H Club

A bazaar is being planned by the 4-H girls. Donations of bleached or unbleached sacks and scraps of material will be greatly appreciated by the girls. The money from this bazaar is to be used to send some girl to 4-H summer school.

Be sure to remember the wife or sweetheart with one of our beautiful Valentines. We also have comic ones. H. S. Norton Music & Stationery. s

Club Dance Held Saturday Evening

Thirty-two couples enjoyed the regular social of the Coquille Dancing club held last Saturday evening in the Odd Fellows hall here. Refreshments were served during the evening. Don Estes' orchestra furnished the music which was thoroughly enjoyed by all. The committee in charge of the entertainment included Mr. and Mrs. George Oerding, Mr. and Mrs. Louis Felshelm, of Bandon, and Dr. and Mrs. J. D. Rankin.

Monarch Ranges To Be Exhibited Saturday

In connection with the Monarch ranges handled by Biegger & Gunderson Furniture store here, a demonstration under the direction of a factory representative will be presented here this Saturday at the showroom of Biegger & Gunderson on Front street.

\$90 ROUND TRIP FARE TO BOTH EXPOSITIONS

For a round trip by railroad to both World's Fair at New York and the Golden Gate International Exposition at San Francisco, the railroad fare will be identical for residents of every state in the Union.

"The Northern Pacific, Milwaukee, Great Northern, Southern Pacific, S. P. & S. and Union Pacific railroads have announced a blanket fare of \$90 for coach tickets and \$135 for first class tickets for the round trip from home to both world's fairs and back home again. All railroads in the United States are joined in quoting these special low fares which vary only when indirect routes are used. No additional charge will be made from branch line points.

"For instance, starting from any locality, the traveler may go to the New York Fair by any direct route, thence to San Francisco by an ordinary traveled route and then by direct route back to point of origin; or he can go to San Francisco first, then to New York and back home. The tickets will be available from April 28 to October 28 with re-

Colonial Art Exhibit At High School This Week

A Colonial art exhibit is on display at the high school here every afternoon this week between 2:00 and 4:00 o'clock. Proceeds from the admission fee of ten and five cents will be used to purchase pictures for the school.

The demonstration will be conducted for the purpose of acquainting the public with the baking features of Olympic ranges. The public is invited.

turn limit of two months from date the ticket is purchased. Stopovers will be allowed at all points on both the going and return trips. Tickets issued at coach fare may be made valid for travel in sleeping cars or parlor cars on payment of additional amounts usually required.
