Howdy Folks: Divorces are so easy to get nowadays that only old maids cry at weddings any more.

Will Spout says 75 per cent of the girls of America are working girls—the other 25 per cent are working men.

Hats off this week to the Excel Dress Shoppe in making such a splendid step in renovating the store and giving the women folks of the county another inviting and well appointed store in which to trade.

The fixtures and the color scheme appear to me to be about the classiest ever seen and the store will be a credit to the city.

Off the curb: "I hear the barbers of Seattle are being forced out of business," said Lib.

Ad. "It wouldn't surprise me, every day I read where they send a clipper down to California."

"Business is so quiet," said the farmer, "that you can even hear the notes drawing interest down at the First National Bank."

This week we are observing Dollar Days. These days should be real SAVINGS DAYS for every patron of Coquille. Not to be outdone by anyone, we are offering some excellent values in our meat department. Here they are:

Said The Sentinel 20 Years Ago

Ed Gillespie last week advertised a bunch of grade Jerseys in the Sentinel and got real action. He sold the whole ten head, including three heifers, before he got home, at prices ranging from 75.00 to \$100.00. If you want results, try the Sentinel for advertising.

And as it was THEN—so it is NOW! Every week buyers and sellers are being brought together through the advertising columns of the Sentinel and for small articles you wish to buy or sell—just try the classifieds. Some folks have made \$1500 sales for a mere 25c. Marked increase in the volume of classifieds indicates the genuine response the advertisers are securing.
