

Coquille Merchants Co-operating In Clean-Up, Paint-Up Week Program

Formally declared in Coquille by proclamation from Mayor Ralph F. Milne, the annual clean-up and paint up week will commence next Monday and continue until the week-end, May 8-13.

All citizens and property owners are co-operating in this promotion to make Coquille the best looking community on the coast. Starting Monday, the city truck will collect all trash and debris set out on the curb and in garage space throughout the city.

Business houses that are especially able to serve patrons for this event are united behind this move. Lloyd Gregg at the Gregg Hardware has put on a special sale of paints this week so that everyone desirous of making improvements can do so at the most nominal cost. Sherwin-Williams Paints are sold by this firm.

Stanton Stevens, of the Stevens Hardware, is another business man who is making a special promotion to patrons this week. Indoor paints, house paints, wall paper, garden utensils, lawn mowers and other similar articles used to beautify are specially priced this week.

Muri Pettit, co-manager of J. A. Lamb company, announces complete approval of this spring program and lists garden and lawn hose, lawn sprays, hoes, rakes, lawn mowers, shovels, spades, all kinds of paint for inside and outside the house and numerous other articles used for cleaning and finishing.

Numerous prizes are also being awarded by the Chamber of Commerce for lawn and yard improvements and beautification and everyone is urged to enter these contests with the spirit of making Coquille even more beautiful.

Cleaning houses urge that this event should not alone be confined to yards and houses but also ask that people make it a spring clothes cleaning period also.

Don Lanham, of No-D-Lay Cleaners, says this firm will be ready with the same quality workmanship.

The Coquille Laundry is featuring special service on sheets, bedding and other household clothing articles for the week.

J. A. Fitzpatrick, of the City Cleaners, is also featuring clean-up of clothes this period of spring cleaning promotion.

Ted Pettersen Laundry, of Marshfield, has established a branch in Coquille so that drapes, curtains and rugs can be picked up right in town to make the week a clean-up throughout the house.

Have you seen the new type Venetian Blind at Coquille Furniture Co.? Priced as low as \$2.98. Let us give you an estimate. Phone 17.

Fruit and Vegetable Spray Added To Market

Another new feature added to Dillard Market this week by Ted Peterson, manager, is a new section for display of fresh vegetables and fruits. The case is a galvanized tin stand with two fine water sprays set in the center. This addition will enable the firm to keep these articles fresher and cleaner than before and adds greatly to the fine service this store already gives patrons.

4-H Club Leaders' Meeting May 5

Coos County 4-H club leaders will meet at 7:45 o'clock on Friday night, May 5, in the Delmar school, halfway between Marshfield and Coquille, according to Mrs. Lillian Hines, president of the local leaders' organization.

Parents and friends of 4-H club members are also welcome at the meeting. Besides this last regular business meeting of the year which is very important, says Mrs. Hines, there will be a program and social period.

Leaders will be asked to have names of boys and girls who are planning to register for 4-H club summer school in Corvallis from June 5 to 16, by May 13. Several children have already signified their intention of going to summer school, and organizations which are granting scholarships have been asked to make a selection of the recipient before May 13.

Some special features of the meeting will be a tap dance number by a few girls of Delmar school, who have been practicing under Miss Clair Booth's instruction. A girls' demonstration team and a boys' poultry judging team will also show some of the work they are doing in 4-H clubs. Girls from the North Bayside 4-H club will present 4-H club musical numbers, also.

Coquille Eagles

There is so much this week, I hardly know where to start, so will lead off with nominations of officers as nearly everyone knows an organization is like a business, without good leadership it is hard to progress. However, I think with the line up we have nominated it should not be very difficult to choose officers for the coming year who will be "and will make," the Eagles lodge in Coquille more outstanding than in the past, "if possible."

The Ladies' Auxillary still has the state convention in Roseburg in mind and the ladies are sure going after the nickels. Last Thursday night they had a shadow social, where one could buy a partner, coffee, cake and jello for from five to twenty-five cents, netting them about ten dollars. The bidding was fast and furious and a lot of fun. I think we have some Rajahs in our order as some of the men bid in as many as five ladies and then got a peeve on because they could not sit next to all of them.

The Eagles' soft ball team will be coming out at the opening of the season, May 15, with new jerseys and caps, as it was voted to buy them for the boys. Then the ball team got big-hearted and agreed to have a dance or some other entertainment to repay the lodge for the outfits. Took a gander out to the ball park Friday evening for a practice game with the Pastime team and, believe it or not, held them to a tie, six all. Highlights of the game, Ferdinand, the Bull, sitting on second base; second baseman jumping for ball, catching same, making a pass at Ferdinand; baseman missed him; Ferdinand kissed him. Game called on account of darkness.

As all Eagles and nearly everyone else knows, the Eagles were the sponsors of Mother's Day and always have a Mother's Day program. This year we are going to try and

enlist the aid and support of other organizations and churches to try and make Mother's Day one of the outstanding days of the year. There was a meeting at the city hall Tuesday evening for the purpose of working out plans for Mother's Day. Yours truly was not present and does not know who was there. If you were not at the meeting and are a member of a club, order or organization and care to participate, phone 62M and your message will be relayed to the Eagles chairman of the Mother's Day program.

A word of clarification: Mother's Day program is non-sectarian, non-political and non-partisan; in other words, it is a day to put on a program in honor of every mother in the land, old or young. Your mother, my mother and their mothers. I will try and have all the details next week and tell more of the plans of the committee in charge.

Brothers, don't forget Thursday, May 4, is election of officers. Be sure and be on hand to cast your ballot. And don't forget any-day is a good day to pay your dues.—Press Correspondent.

Mayor Installs New Refrigerator At Norway

Herman Tedsen, usually known as the Mayor of Norway, has installed a brand new General Electric display case for perishable fruits and vegetables and meats in his store and market at Norway on the highway.

The new case is a 12-foot size and gives the store a great capacity for storing and displaying this type of goods. It was installed by Blegger & Gunderson, Coquille G. E. dealer.

Cooper's are offering a large assortment of bedding plants at 25c per dozen.

Appropriate gifts for all occasions at Bergen's.

Program Planning Day For Home Demonstration Work

The annual Spring Program Planning Day will be held on Tuesday, May 9, at 10:30 o'clock in the Coquille city hall. Delegates from extension units and members of the Coos county committee will meet with the state home demonstration leader, Mrs. Azalea Sager, the specialist in nutrition, Miss Lucy Case, and the home demonstration agent, in order to work out the program of work for the next year. Needs and wishes of women in regard to projects are carried to this meeting by their delegates, and the majority's interests in foods and nutrition, clothing and textiles, home furnishings, parent education and

other projects, is expressed.

There will also be an election of new county committee members to take the place of members whose terms have expired. Each extension unit is entitled to one vote in this election. A nominating committee of Mrs. John Reiher, North Bayside; Mrs. Ray Deadmond, Fairview; and Mrs. Walter Laird, Norway, was appointed, and further nominations may be made before the election.

Why leave the graves of your loved ones not taken care of? Why not have them fixed up? See John S. Sanders, 541 West 6th St. Phone 123L. 11's

You know you can depend upon Bergen's to fill your orders satisfactorily. Phone 64.
