Eagles Arrange For Lodge Medical Aid

I won't be responsible for mistakes in the news this week because there are about a dozen Eagles and it sounds like four times that many Auxiliary members in here talking soft ball, drill team convention and what have you. So I will just cross my fingers except the one I use for typing and take my best lick. Last Thursday we had a fine meeting with a very good attendance. The meeting was cut short in favor of the Eagles' soft ball team's dance. The boys were all present, dressed up in their jerseys and caps and they really looked like a bunch of ball players. But don't let their looks fool you too much; until they win a game, I, for one, will have my doubts. I understand they play the Pastime team next week-end and if the Eagles fail to win that game I won't have

any more doubts—I will know. One of the major benefits of the Eagles lodge is furnishing medical care for Eagle members and their families. For the last six months we have not had an official doctor. Starting the first of this month (June) our medical needs will be taken care of by Dr. Richmond at the Knife hospital until the first of July. At that time Brother Dr. Gerald Stark will once more be our official doctor. Convention time is just around the corner and we are getting all set to take part in a big way. The Ladies' drill team is going like a million and if they don't bring back some state honors, I am a poor prognosticator (Boy, that's a big one.) We are sending a full delegation to Roseburg and have hotel rooms all engaged. Here's hoping for a lot of fun. Don't forget tonight is installation of officers. The Eagles and Auxiliary officers will be installed jointly, assisted by the Ladies' drill team. Try and come out and take part.—Press Correspondent.
