Fellowship Church Dinner

The revival meetings of the Church of Christ closed with a fellowship dinner Monday evening in the dining room of the church, which had been doubled the preceding week. There were 120 people present and exactly half that number were especially honored as having become members of the local church since the coming of their present minister to Coquille, two years ago next June. During this period 119 had been added to the local church, or through a branch of it, at Greendell; 13 of the number baptized were from Greendell; 20 of the total have moved away. It was the first time such a crowd had ever assembled for a dinner in the church, capacity not being adequate prior to this date. The new room was filled and was taxed to care for all.

Mrs. Maud Skaggs Woodyard sang. Miss Ruth Towne and Miss Catherine Estey sang a duet. Arthur Charles Bates spoke briefly to the assembly of church members. There were 13 added to the church during the series of meetings just closed. Mr. Sias, minister, states that all are agreed that the church was never in so fine condition, numerically, spiritually, or financially. Mr. Bates was invited to come for a return meeting at any time he may be able to do so.

This week a four-night union of the Marshfield and Coquille Churches of Christ, provides opportunity to hear Joel R. Benton, of the Marshfield church, Wednesday, on the subject, "How to Find God," and Friday, "Hidden Things." C. Adrian Sias will speak in Marshfield Tuesday and Thursday nights on the subjects: "Watchman of Israel" and "Little, But Wise."

Flying Kites

Never fly your kite near electric lines or use wire for kite string as you are liable to be injured from contact with the electric lines. Even a damp cotton string is a conductor of electricity, so be very careful and always fly your kite in an open space where there are no electric lines. I certainly do not want any of my friends to be injured while playing.
