**WHOLE-HOGGLE "SCREWDRIERS"**  
No, he's not dinky—he just likes to roam around. Two or three cars could travel in the space he takes to navigate... Remember, your engine uses 3 times as much gasoline in low and second gears as in high—when a "Screwdriver" or "Screwjays" brings you to a needless stop, you pay.

Five million motorists have enlisted in this great nationwide crusade against "SCREWDRIERS" and "SCREWJAYS"—who cause 35% of all Stop-and-Go. No obligation on your part except common-sense driving—and walking.

While they bill and coo—the gasoline bills mount up and the drivers go coo-coo... "Screwjays"—headless, reckless motorists—cause 10% of all Stop-and-Go driving, to say nothing of needless accidents.

**Virginia City Roars Again!**

Why back in the heyday of the famous Comstock Lode, Virginia City, Nevada, was a booming city of 40,000. Today it has dwindled to 400 people. Its streets are bare and deserted. This spring, Virginia City roared again when a host of Hollywood movie stars invaded the historic town to celebrate the world premiere of the great picture, "Virginia City." Above you see Bond, Flynn, Sigrid Gule, Alan Hale and Bruce Cabot as they arrived via Gospel-bus in Virginia City for the celebration. This mode of comfortable travel was in sharp contrast to the stage coach (in circle) in which they traveled to Virginia City in the picture. At the right above is shown the throng who stormed Pigeon's Open House when the movie stars put on a special performance.
