

Grade Schools' Track Meet

The results of the Coos county elementary track meet held here at Coquille last Saturday were as follows: Marshfield in first place with 72 5/6 points; Bandon, second, with 41 1/3; Coquille, third, with 33; Bunker Hill, fourth, with 32 1/2; North Bend fifth with 28 5/6; Empire, sixth, with 21; Myrtle Point, seventh with 8 1/2.

Jimmy Peart, of Coquille, was high point man of the meet with three first places and a total of 15 points. He also broke the only county record that was broken during the meet. The broad jump record for the first class had stood at 14 feet, nine inches, since 1932. Peart bettered this record each time jumped and on his third try established a record of 18 feet, two inches.

Other contestants winning points for Coquille were: Jim Howe, Richard Lane, Charles Johnson, Keith Leslie, Herbert Allen, Jimmy Young, Bob Mosby, Vance Atkins, Martha Berg and Irene Williams.

Diamond Lake Caravan Planned

In the absence of President Gillespie and Vice President Smith at the Chamber of Commerce session in the hotel Tuesday noon, Treasurer R. L. Stewart presided.

Also due to the president's absence, the secret solicitation committee could not receive the applications for permission to solicit funds, presented by the representative of the Alberta Kerr Nursery, the Louise Home, and similar institutions which have always heretofore been given permission to make this annual solicitation, and the directors felt that it would not be infringing on the secret committee's prerogatives by granting the request and it was done. The representative of the Homes was given a letter signed by the secretary.

A letter was read from the Roseburg Chamber of Commerce telling of a caravan trip to be made from that city on June 21 over the newly opened road from there to Diamond Lake. Coquille citizens were invited to join the caravan which will leave Roseburg at 8:30 a. m. The eating program is for a potluck dinner at noon.

Sixty-two Seniors Are Graduated

(Continued from Page One)

by the Girls' Glee Club and a trumpet quartet, the players being G. Holbrook, R. Gregory, E. Mead and C. Gray. There were no encores but the heartiest of applause showed appreciation of the audience, and the performance.

Class speakers were William Ray and Nancy Sonneland, who gave most interesting talks on "The Boy and His Opportunity" and "The Girl and Her Vocation," respectively. Both speeches were well thought out, logical presentations of what a boy or girl has to face today and the opportunities over a wide field of endeavor.

Prof. W. A. Dahlberg, of the speech department at U. of O., delivered the commencement address, his talk being on what constitutes a well rounded out, complete education.

Before he arose to talk a stand was placed at the front of the stage and Mr. Dunn in introducing Mr. Dahlberg referred to the speaker as one who had given him (Dunn) a five in his class at the university, and also said that he did not know before that Prof. Dahlberg was so saintly that he could only talk from behind a pulpit.

The speaker explained that Mr. Dunn only deserved a five and that the "pulpit" became necessary after the janitor had called attention to the fact that he had a hole in his sock.

The conclusion of Mr. Dahlberg's address was an admonition to the graduates to be less concerned with other people, and what they thought and did, and more concerned with their own thoughts, emotions and general conduct.

In this critical state of world affairs, he referred to Hitler as not being a disease but a symptom of the change in world thought. The totalitarian despot is not a cause of the world disaster, he is a result of changing world thought. One hundred and fifty years ago there was a cry for enlightened public opinion. The result of that demand was the little red school house, and at this moment the United States has a juggernaut of educational facilities, with 32 million attending the schools of all kinds—32 times the population of Oregon is the number of students of all ages.

Mr. Dahlberg's address was forceful and deserves a more complete report than the Sentinel can give it, coming as it did so few hours before the paper goes to press.

Clarence Osika, high school principal, presented the class to Mrs. Leona Bryant, chairman of the school board who before passing the diplomas to the members, said she was sure the reason she, the only woman on the school board, had been named as chairman, was that all the male members were afraid to get up and make a talk to the graduating class. She was not afraid to talk but she wouldn't, she said.

Altogether it was as splendid a high school graduation exercises as will be seen and heard anywhere, without regard to population or size of school.
