Coquille Youth Council Activity

Donald Dusham and Jim Gaffy were the champions in their respective divisions in the first croquet play-off of the year. In the play-off between the two age groups, Jim Gaffy won the championship for the entire tournament.

In the table tennis tournament, the contestants were divided into three groups—girls 13 years of age and younger, boys 13 years of age and younger, and either boys or girls 14 years or older.

In the girls' division, Lorraine Steward was champion; in the boys' division, John Leslie; in the older group, Loyal Thomas. In the Grand Champion play-off, Leslie defeated Steward and Thomas defeated Leslie.

Announcements
Three play-offs are being held this week. On Wednesday afternoon, the first play-off in badminton was held. Thursday, there will be another play-off in croquet and Friday, a play-off in table tennis.

Mr. Robinson is still eager to get the names of boys about 16 years of age and 11 years of age who are interested in playing on one of the softball teams. There are places on the teams for about 16 or 20 more players.

A back stop has been erected and a diamond laid out for softball play in the Community park.

Women or children's groups who wish to play or practice are welcome and will find the field adequate. The outfield is too small to accommodate hard-hitting adult men players, but they are welcome to make whatever use they can of the diamond.

Bicycle Rodeo

Don't forget to practice your speed and stunts for the big bicycle rodeo next month. Ask Mr. Robinson for details. There will be age-group divisions in the events so contestants will be competing with riders only in their own age-groups. Prizes will be given for winners.

Funny's Table

The boys and girls at the Myrtle Park have started a funny paper table. Those who play in the park bring old funny papers and funny books and magazines and are urged to bring their old "Little Big Books" to put on the table.

Sucker Day At Playground

There was a decrease in attendance at the playground the past week, probably due to the berry season now at hand but which, we hope, to remedy with additional attractions such as "Sucker Day" and candy bar awards for races and tournaments.

"Sucker Day" will be held on Friday. Sometime during the afternoon suckers will be given to those youngsters who have been playing on the Washington school grounds.

Those to receive awards last week were: skating race: Mona Dodge, first; Betty Painter, second, and Ann Harbison, third. Whittling soap or wood: Ann Harbison, first, and Betty Painter, second. The marble tournament found George Litzberger uncontested and so he received the award.

I want to offer an apology to Diana Powers and Donna Rankin, whose names were unintentionally omitted from last week's list of Campfire Girls who assisted on the playground. They have all been very co-operative and pleasant to work with. The Campfire Girls are planning a tumbling entertainment for the playground children in the near future, the date to be announced later.

This Friday, June 21, merits will be given to girls for the best doll dress they have made themselves and to the boys will be given a merit for the best kite. There will be a doll buggy race for the girls and a sack race for the boys. Each boy is to bring his own gunny sack.

On Friday, June 28, a croquet tournament for both boys and girls will be held and the usual awards made. Also on this same day a grand prize (as yet a deep mystery), will be given to the boy or girl performing the most tumbling stunts. Each partner in a stunt receives a full point.

—Washington School Supervisor

A travelling examiner of operators and chauffeurs will be in Coquille next Wednesday, June 26, and will be on duty at the City Hall between the hours of 11:00 a. m. to 5:00 p. m. All those wishing permits or licenses to drive cars are asked to get in touch with the examiner during these hours.
