### Legion Celebrates 22nd Birthday

The Coquille American Legion Post No. 36 met at 8:00 p. m. on March 10, with Commander George E. Oerding presiding. Before the regular business of the evening was taken up, there was a short joint session with the Auxiliary, at which time the post chaplain, Harold Minter gave a short talk on the American Legion and American liberty.

Interest in the affairs of the Legion is running high and the members who are out of the habit of attending the meetings are missing something. The committee on national disaster and relief reported that the local organization is nearly completed and they are confident that if called upon in an extreme emergency it could function successfully.

Charles T. Selbig made good his guarantee to have the post over the top in membership on or before the regular meeting in March.

The post has contributed to the fund to provide yarn for the use of the British.

The call from the Canadian Legion for helmets was answered by the post which is sending all the available helmets for the use of nurses and air-raid workers in the British Isles. Some of the old helmets of 1918 will again protect somebody's dome from shrapnel and debris.

During the last few months the post has tried out a new wrinkle for good of the post, which is working out very successfully. The commander appoints some one member whose duty it is to either give a talk or provide a speaker on some appropriate topic at the next meeting. At the March 10th meeting, Harold Minter gave a talk on the American Legion and the American Liberties. Elmer Neely will either give the talk or provide a speaker for our regular meeting in April.

Comrades Minter and Moody were a committee representing the local plywood union of the A. F. of L. soliciting aid for their dedicatory ceremony of their new United States flag. The matter was turned over to the post Americanization committee with full power to act.

Our service officer, Dave Rackleff, reported that he had assisted a comrade in securing bonds in exchange for his adjusted service certificate, in other words, his bonus.

When the steam cleared away after drawing the pot, Ernest Whereat was the winner but Comrade Whereat was absent. Attention, all absentee members, the amount in the pot is increasing each month, the next drawing

may be your name. After the meeting, Commander George E. Oerding cut a large, beautifully decorated cake, crowned with twenty-two candles in commemoration of the Legion's birthday, March 15. A pot luck dinner will be served before the regular meeting in April. Plan to be present.

### Auxiliary Notes

During the business meeting, the auxiliary voted \$15 to be donated to the Milk Fund. One dollar was contributed to the Oregon Roadside Council. Arrangements were made to have the Silver Elm tree purchased by the organization for the Washington school grounds two years ago planted, and

funds were appropriated for the purchase of another tree.

To celebrate the 22nd birthday of the American Legion, birthday cake was served to legionnaires and auxiliary members. The refreshment committee was composed of Mesdames Jess Williams, Joe Nilsen, Knupp, Ray Jeub and Neely. Three guests attended the auxiliary meeting: Mrs. Ned Kay, Mrs. H. A. Minter and Mrs. Zoe Stockton, of Salem. Streamliner "Torpedo" Six Sedan Coupe \$925\* (white sidewall tires extra)

A Pontiac tells you all about itself except **how little it costs!**

YOU DON'T NEED us to tell you what a whale of a car the Pontiac "Torpedo" is. The new Pontiac speaks for itself—and it tells you clearly that a smarter, roomier, sweeter-acting car will be hard to find. The only time this Pontiac needs our help is when somebody says, "It's too high-priced for me." That's when we go to work, and here's what we tell them: With all of its size, its beauty, its "expensive" look, Pontiac's prices are so close to the "lowest-priced three" that the difference is only a few dollars per month.

SIZE AND LUXURY. Nor will you get any impression of low cost from the roominess and luxury you find inside its handsome body by Fisher. Pontiac is tailored and fitted to compare favorably with the finest cars on the road.

PERFORMANCE. If you plan to buy a new car soon, try this new Pontiac now. You'll learn that way why Pontiac owners are our most enthusiastic cheer leaders. And remember, if you can afford any new car you can afford a new Pontiac!

COMFORT. You will never guess from a ride in a Pontiac that it's a low-priced car. Pontiac's perfected "Triple-Cushioned Ride" is conceded to be without equal in any car at any price. You can go on and on in a Pontiac... and step out relaxed and rested at the end of the trip.

ECONOMY. When you own a Pontiac, however, you realize that it's a tight-fisted miser with gas and oil and remarkably trouble-free in the bargain.
