

School Meetings Monday, June 16

June 16 is the date for annual school meeting in all school districts other than Union High districts. The date, being the third Monday in June, is set by statute. In each of the districts there will be the election of a clerk and director except in first class districts where the clerk is chosen by the school board.

A large majority of the districts will at that time take up other matters of business and will vote the

budget.

In zone 5 of the non high school districts, the election of a director will be another question before the voters. The districts comprising this zone are: Aldercrest, Dora, Sitkum, Bald Hill, Base Hill, Bridge, Catching Creek, McKinley, Remote Bancroft, Locust Grove, and that part of Gravel-ford Consolidation which was formerly Pleasant Hill.

All voters should be interested in attending the annual school meetings.

Will Help Name Coquille Queen

Andy Anderson reported at the Chamber of Commerce noon session Tuesday that nearly all Coquille merchants were co-operating in the city's Dollar Day program next Saturday and that visitors or home people will find many fine dollar bargains here next Saturday.

The directors voted to co-operate with other organizations in Coquille in sponsoring a candidate for queen of the rodeo at Myrtle Point, July 4-5-6, and Tallant Greenough was appointed to represent the Chamber of Commerce on the local committee, which will select the Coquille candidate and arrange for various affairs to insure she receives a large vote.

J. E. Norton reported to the chamber what the Rogue River Coordination Board, of which he is chairman, are doing in the way of formulating rules, which are in effect laws—for controlling the road and earth in the Rogue river. Many of those present Tuesday noon are ardent Rogue river fishermen and what Mr. Norton said was of interest to all fishermen.

The board met at Grants Pass last Friday, visited the Illinois and Apple-gate rivers, and although the other two members of the board are one a miner and the other a fisherman, the action of the board was unanimous.

Briefly the rule adopted was that when any of the smaller streams along which there is mining shows a turbidity of more than one thousand in a million that mining on that stream must cease, or at least that the mines cannot permit their sluicings or washings to further contaminate that stream.

The board did not attempt to say how the miners should control their operations, leaving it for them to agree among themselves as to the means.

It is the duty of the state police, the sheriff's office or other peace officers to enforce the board's rule, and the season during which the law is in effect is from May 30 until Nov. 15.

Valley Golfers Lose At Roseburg

The Coquille Valley Country Club's next inter-city golf tournament will be held at the Norway course on Sunday, June 1.

Last Sunday the valley golfers went to Roseburg where they were defeated by the country club here, 39 to 15.

Notwithstanding the one-sidedness of the score, Dr. L. L. Sumerlin is given credit for doing a good job of pairing, nearly all of the losses being by only two or three strokes.

Geo. Linn was medalist for the valley group and Mr. Morgan was high for Roseburg.

Those going over for the tournament were Don Gillespie, Harry Dement, George Linn, C. M. Howard, Bob McLarrin, B. W. Dunn, L. Wilson, O. Hendricks, Andy Anderson, Dee Richardson, H. S. Norton, Pat McLarrin, Pete Norton, Les Sumerlin, John Arnold, Clayton Mast, Dick Arnold and Jack McLarrin.

Portland Livestock Market News

The livestock market at the Portland Union Stock Yards began this week's trading with liberal offerings, the demand especially good in the cattle and sheep divisions, and on a steady to higher price basis, with the most advance in the hog division.

Monday's receipts included 2,500 cattle, 175 calves, 2,335 hogs and 3,112 sheep.

Cattle prices were on a generally steady price basis. Some odds and ends of steers, mainly strong weight kinds, were slightly lower, but stronger prices developed on some of the best light steers and heifers, as well as on some beef cows. Vealers were mostly steady. Stocker buyers were anxious but found very little to take out.

The extreme top on steers advanced to \$11.00 for a load of 832 lb. experimentally fed and a few head of other steers. Some under 800 lb. steers made \$10.75 with the bulk of all fed steers around \$9.50 to \$10.50. Odds and ends of common to medium steers went at \$7.50 to 9.00. A few loads of strictly good to choice light weight heifers sold up to \$10.50 for a new high on the crop with other fed offerings around \$9.50 to 10.00.

Common to medium heifers went at \$7.00 to 8.50. Canner and cutter cows sold at \$5.00 to 6.50, with fat dairy cows around \$7.00 to 7.50. Good beef cows brought \$8.00 to 8.75. Medium to good bulls ranged from \$7.75 to 9.00, with common grades down to 7.00. Good to choice vealers brought \$10.50 to 11.50, with common grades up from \$7.00.

The hog market was around 25c to 35c higher Monday. Good to choice truck-ins weighing around 175 to 225 lbs. sold mainly at \$9.50, with a few up to \$9.60, while medium grade and over fat kinds went at \$9.40 down to \$9.25 or below. Top carlots sold mainly at \$9.80 to 9.75. Butchers from 225 to 290 lbs. sold at \$8.75 to 9.00, with some in the rail division up to \$9.25. Light lights cashed at \$8.50 to 8.75. Packing sows brought \$8.00 to 8.25, with light sows up to 8.50. Choice around 105 lb. feeder pigs reached \$10.50.

Spring lambs were in excellent demand again Monday and prices were \$10.50 to 10.75 for the good to choice offerings, with medium to good grades selling at \$9.75 to 10.25, with common lambs going at \$9.00 and up. A load of fed shorn lambs, grading medium

to good sold at \$7.75, with other shorn offerings at \$7.50 down to \$6.00. A few fat ewes sold around \$3.00 to 3.50, with thin ewes downward to \$1.50.

The following quotations are based on prices being paid in Monday's trading:

CATTLE—Good grain-fed steers \$9.50 to 11.00. Good grain-fed heifers \$9.50 to 10.50. Good beef cows \$8.00 to 8.75. Medium \$7.25 to 7.75, common \$6.25 to 7.00, canners \$5.00 to 6.00. Bulls, medium to good \$7.75 to 9.00, common \$6.50 to 7.50. Vealers good to choice \$10.50 to 11.50.

HOGS—Good to choice carlots \$6.80 to 9.75; 170 to 215 lb. truck-ins \$9.40 to 9.60; 230 to 265 lb. butchers \$8.75 to 9.25; lightweight butchers \$8.50 to 8.75; packing sows \$8.00 to 8.50. Feeder pigs to \$10.50.

SHEEP—Good to choice spring lambs \$10.50 to 10.75; medium to good, \$9.75 to 10.25; common \$9.00 to 9.50. Slaughter ewes, good to choice \$3.00 to 3.50. Shorn lambs \$6.00 to 7.75.

NOW YOU CAN REDUCE SAFELY

It Is Safe—Positively It Improves Health

Want to reduce? Of course you do if you can do it safely. Fats and flesh diets may cause great harm and nervousness by depriving your glands and nerves of natural vitamins which they need. Reduce the Vitamint way. Take the juice of a lemon with Nature's Calcium Compound to neutralize the acid, 3 times daily. Take two teaspoons of Vitamint every 3 hours in place of food. Many report the loss of 10 pounds in 5 days and say they feel better than they have for years.

It is not invasive. Does not contain thyroid nor any other reducing substance.

Vitamint is simply a sustaining tonic containing natural vitamins.

You can look forward to wearing your normal size smart clothes again.

If you are interested for your meals the first day or two, take a half cube of butter, every 3 days. You may also eat 6 or 8 stalks of celery.

Rackleff Pharmacy

When you need it, this big eight is practically TWINS

LIFT up the bonnet of this darling Buick and you see only *one* engine—a big, efficient valve-in-head straight-eight.

Look again—and you note that Compound Carburetion gives it *two* carburetors—and what amounts to a dual personality.

One of those carburetors does all the work in casual, about-town, everyday driving, giving you a car that's easygoing on everything, from the way it handles to its consumption of gasoline.

But that other carburetor steps up this nimble sweetheart into a regular *giant* of power any time you give the word!

It wings you lightly through tough going—because having that second carburetor is almost like having an extra engine to call on when you want it.

The net result?

Well, see for yourself what it means in life and lift and unflinching response.

As to what else it means—the records show that Compound Carburetion gives this '41 Buick a 10% to 15% edge in gas-economy over its predecessors of the same size!

Important? Sure is—especially when present prices make Buick the Number One all-round bargain of the year.

Just ask your dealer what one will cost *delivered!*

[Available at slight extra cost on some Buick SPECIAL models, standard on all other Series.]
