City Needs A Water Reserve

D. E. Cruckshank of the city water department, says that the city would like to have a Water Reserve organized, similar to the Police Reserve, and that anyone willing to become affiliated, and meet once a week at the city hall, on Friday night, notify Recorder Leslie. The purpose of the organization would be to get all its members familiar with the water system, so that in case of a bombing of water mains a crew would be available for making necessary repairs.
