

Turner B. MacDonald Buried Sunday

Funeral services were conducted by Jacob Moomaw at 2:00 o'clock last Sunday, in Schroeder Bros' Mortuaries here, for T. B. MacDonald, who passed away at the E. E. Nosler home, north of Coquille, on Wednesday of last week. Interment was in the Norway cemetery.

Turner Bruce MacDonald was 72 years of age at the time of his passing. He had been ill for some time at his home at Port Orford and had made the funeral arrangements with his wife before the end came.

Turner Bruce MacDonald was born near Winchester, Va. When 16 years of age, he moved to Platte Valley, Neb., where he taught school for eight years. He then went to Des Moines, Iowa, for college preparation for the ministry, later completing his college course at Cotner University, Lincoln, Neb.

He spent 50 years in active work as pastor and minister, often combining school teaching with pastoral work. He held long pastorates in Nebraska, at Broken Bow, Platte Valley, Bradshaw, Geneva and Waco.

Mr. MacDonald was called to the Coquille Church of Christ in 1910 and preached for eight years here and for many years at Bridge, Myrtle Point and Arago, and for nearly seven years at Port Orford. He also was a pastor at Cottage Grove and Heppner, Oregon.

When a change of ministry was made and calls came from strong, good-salaried churches and also weaker churches, he always decided that "A church that can pay an adequate salary can easily secure a good man but a difficult field and a weak church may need me more greatly." In every case Turner MacDonald chose the most needy field.

He is survived by his wife, Maude, and two sons, Neil and Ariel, with their wives, Lillian and Evelyn, and two grandchildren, Bruce and Marcia. Another son, Bruce, passed away at Myrtle Point at the age of eight years. Neil MacDonald, who is in charge of a government camp at Ash Mt., Calif., was unable to secure leave to come at this time.

They were coming north to stay at Mr. Kinnmount's lodge on Rogue river, the younger Mrs. Kinnmount driving, and when the right wheels of their car got off the pavement into loose gravel the car went out of control and over the bank. Only the tires kept it from going on over into the ocean.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

City Police Cases

All arrests made by the local police the past week were on the Fourth. All seven of those taken pleaded guilty except one whom Recorder Leslie found not guilty. The six were:

E. E. Denny, drunk and disorderly; paid \$10 fine.

Buford Foster, served one-half day in jail and then paid the \$9 balance of his fine.

James Lewis Twitchell paid \$5 for the disorderly conduct charge.

Willie Orin Burton, arrested for being drunk, paid \$5 fine.

Edward Dale Ellard, a CCC boy, was given a \$5 suspended fine for being intoxicated.

Walt Smith served two and a half days in the city jail for his \$5 fine.

Dance Crowds Fill The Large Floor

The crowds enjoyed the music furnished by Woody Hite's dance orchestra in the Community Building last Friday and Saturday evenings. There was a fine attendance the first night of the celebration but Saturday night the huge floor was packed continuously with dancers.

The receipts for the two days were close to \$700, with contract fee, overtime and traveling expenses for the orchestra bringing the outlay close to \$600.

"Invaders" Is A Saga Of Adventure At Roxy Thurs. to Sat.

When a photoplay enlists the interest and active participation of three great democratic governments and when the mere announcement of its theme and purpose causes a clamor from actors the world over who want to be a part of it, the sturdy foundation for a cinema masterpiece has been laid. Players of stellar capacities—Laurence Olivier, Leslie Howard, Raymond Massey and Anton Walbrook—are an asset to a photoplay with so broad a scope, but never once can this photoplay be designated as a star-vehicle.

In the proud belief that this ideal has been achieved, Columbia Pictures is presenting "The Invaders" at the Roxy Theatre on Thursday, Friday and Saturday of this week, a photoplay as timely as today's headlines, as pertinent as today's editorials, as dynamic as today's news-dispatches.

Its physical scope alone is tremendous. It is one of the most expensive, most elaborate photoplays ever to be produced. The British Empire aspires and the Dominion of Canada were active participants. President Roosevelt himself assured the cooperation of the United States government and our customs officials at the Niagara Bridge contributed one

of the most pertinent sequences to the film. A location trip of more than 50,000 miles—most of it over Canada's vastness—was required before the final episode was filmed.

Each of the distinguished stars of the international stage and screen is fitted into "The Invaders" by what might be called "superior type-casting." Against this formidable array of masculine talent appears an 18-year old ingenue of the London stage and screen, Glynis Johns, unknown to American audiences, but Michael Powell, who conceived and directed "The Invaders" calls her "one of the most efficient actresses in the world."

The straight, adventurous plot-line of "The Invaders" concerns the

raid of a Nazi submarine in the Gulf of St. Lawrence and Hudson Bay. After destroying Canadian shipping and murdering the crews, the sub itself is sunk by the Royal Canadian Air Force. But a portion of the crew is ashore at the time and embarks on a simultaneous program of flight and destruction.

At each turn of the plot, the Nazi fugitives are betrayed by their own ideology. Their "New Order" leads them into stupid and fatal blunders.

SAFEWAY Homemakers' Guide

NUMBER 11 ★ Tips worth reading on menu planning ★ A list of foods you'll save money by checking ★ What one girl learned about so-called "week-end specials"

Want to know how to save lots of time in your food shopping?

The main answer to the above question is—"Plan your menus ahead of time." These few tips suggested by the Safeway Homemakers' Bureau, should help a lot.

Tip No. 1—Plan menus several days in advance, a whole week if possible, so you'll see your food picture as a whole. Then you can check to make sure you've included plenty of variety and a balance of foods needed for good nutrition.

Tip No. 2—For good nutrition, each day's meals should include at least a pint of milk for adults, a quart for children; an egg per person, or at least 3 to 4 eggs a week; some enriched or whole grain bread or cereal; a tomato or citrus fruit or their juices; another serving of fruit; at least two servings of vegetables besides potatoes, one preferably green, leafy, or yellow; a serving of meat, fish, chicken, or sea food; some butter or vitamin A fortified margarine; and whatever desserts and special treats you like.

Tip No. 3—Even the best food tastes better served attractively. Be sure to include in every meal a pleasing contrast of shapes, colors, and textures, as well as contrasting temperatures and flavors.

Tip No. 4—Decide ahead of time how to serve any leftover foods (with careful planning you won't have many) in appetizing guise.
