40-Mile Speed Is To Be Enforced

A special notice has been broadcast to Californians that the 40-mile speed limit is to be enforced in Oregon and that those driving in excess of that rate are to be stopped and taken before a justice of the peace by the state police. Naturally all violators will be arrested, not Californians only.

Four Stars Head Cast Of "Kings Row" At Roxy Sun., Mon., Tue.

The film version of "Kings Row," one of the most popular novels of the decade, will be the new screen offering at the Roxy Theatre, Sunday, Monday and Tuesday. Ann Sheridan, Robert Cummings, Ronald Reagan and Betty Field head one of the most distinguished casts ever assembled in one motion picture.

Under the direction of Sam Wood, producer and director of such all-time screen favorites as "Goodbye Mr. Chips," "Our Town," and "Kitty Foyle," "Kings Row" has retained the full flavor of the original novel. At the Warner Bros. Studio, the utmost care was given to the casting of the film, and to providing authentic backgrounds with the turn of the century atmosphere that is so inherent a part of the story of "Kings Row."

Vividly brought to life on the screen is this story of young people, hemmed in by the stifling inhibitions and taboos of a small midwestern town in the early years of this century. Struggling to find happiness against the opposition of the seething undercurrent of gossip and backbiting the strong and brave emerge victorious, the weak are submerged.

Two young men, and the two romances in which each becomes involved provide the central dramatic situations. The love affair of Robert Cummings, as Parris Mitchell, the gently reared grandson of a foreign noblewoman, and his childhood sweetheart, Cassandra (played by Betty Field) meets a tragic end. He eventually finds some consolation and a promise of future happiness with Elise (played by Kaaren Verne). The other young man, Drake McHugh, who is portrayed by Ronald Reagan, is embittered by the parental opposition which Louise Gordon's (Nancy Coleman) family put in the way of their marriage, but finds his true mate in Randy Monaghan (Ann Sheridan), the right girl from the wrong side of the tracks.

The brilliant supporting cast is headed by Charles Coburn as the self-righteous Dr. Gordon, Judith Anderson as his wife, Claude Rains as Dr. Tower, Cassandra's father, Maria Ouspenskaya as Parris' grandmother, and Harry Davenport as a Parris' old friend and advisor.

Casey Robinson wrote the screen play from Henry Bellamann's novel, and Erich Wolfgang Korngold provided the musical score which underlines the memorable drama.

Built in the Blitz

THE 1939-PLANE RAIDS ON GERMANY started way back in the days when the vaunted Luftwaffe was blitzing Britain. Gigantic aircraft factories were secretly but efficiently built in Britain, and set to work to forge the avenging weapons. As revealed in this picture, the enormous 4-motored bomber fuselages roll forward on duplicated—and triplicated—assembly lines looking like railroad locomotives in mass-production. Today there are enough of these British-built Strirlings—and Halifaxes and Manches, ters—to carry the offensive to the enemy and hasten the end of the years of "blood, sweat and tears."
