

Smith Wood Team Lost the Tournament

The Coquille Valley Golf Club scored a real upset by defeating the Smith Wood-Products team 20 1/2 to 15 1/2 at the local golf course last Sunday. The match was close all the way and it was not until the last foursome was in that the winner could be determined.

The Smith Wood team still feel they are the better team and will be out for revenge next time. Jack McLarrin came in with an 80 for low score.

The following men shared in the prizes: "Butch" Briner, Bob Harris, J. McLarrin, Geo. Laird, "Dutch" Clinton, Vern Heintzleman, L. Holimon and Ted Buck.

Next Saturday and Sunday there will be a flag tournament at the Valley course. Members can get their flag and handicap at the club house. A prize will be given for the best verse written on any flag.

Stanley Phillips To Be S. P. Traveling Auditor

Stanley Phillips, formerly of Coquille, who has for the past five years been with Schroeder's Mortuaries at Myrtle Point, as funeral director and embalmer, has decided to return to railroad work and will be a traveling auditor for the Southern Pacific. He will be at Woodburn for a time, then at Medford and this summer will be transferred to California.

Menu Copies Must Be Filed By May 1

Owners of restaurants and other eating and drinking establishments within the jurisdiction of the Coquille Ration Board are reminded again to file immediately copies of every menu or price list in use during the period of April 4 to April 10.

"If you own or operate a restaurant, hotel, cafe, dining car, bar, delicatessen, soda fountain, catering business or any other eating or drinking place, it is your direct responsibility to file these lists with your local board," is the O. P. A. order.

The filing requirements are very simple. A menu, bill of fare, or price list for all meals served during the period of April 4 to April 10 must be signed and filed with the War Price and Rationing Board not later than May 1. A copy of each menu or price list is to be retained by the establishment. If the menus do not show all the food items, meals or beverages offered during the specific period a supplementary price list must be prepared and submitted.

In the event that eating and drinking establishments do not use menus, a price list containing every food item, meal and beverage offered during the seven-day period must be prepared and submitted to the War Price and Rationing Board before May 1.

A filing of menus or prices of foods served during the seven day period from April 4 to April 10 is the first step of an OPA order designed to bring under control the cost of "eating out."

YOU can help provide yourself with better telephone service during this emergency by using the telephone correctly. Hold the transmitter in front of your mouth with your lips barely clearing the instrument and speak clearly and distinctly, directly into the transmitter.

Answering the telephone promptly,—speaking clearly and distinctly,—limiting the length of telephone conversations, all make for better telephone service to you and speeds up the part the telephone plays in National Defense.

Every additional half-inch between your lips and the transmitter is equal to adding 20 miles to the telephone line between you and the party you are calling.

Pointwise pointers on vegetables

Camouflage vegetables in casseroles, soups, in souffles, omelets, or serve them in omelette salads and as simple garnishes. Tomatoes, onions, summer type squash, peppers, turnips, cabbage leaves, and cucumbers can be stuffed with a meat, cheese, or egg mixture and prepared as the main course. These are just some of the ways you bait your family and get them to eat their share of the precious vitamins and minerals offered by vegetables.

MEAT VEGETARIAN FEASERS—Combine 2 or more kinds of cooked, drained, diced vegetables in a well-greased casserole, season with salt and pepper and top with a layer of corn meal muffin batter. Bake in a hot oven (400° F.) for about 25 minutes or until done or topping is golden brown. Any combination of vegetables is delicious, but be sure to try spinach and sliced turnips, squash and tomatoes, green beans and carrots, and eggplant and celery.

CARROT STUFFED ONIONS—Fill uncooked onion cups loosely with shredded raw carrots, season, and steam with a small amount of water in a Dutch oven or tightly covered sauce pan. Serve with the main course as a vegetable and garnish.

VEGETABLE SALADS—If the salad is generous enough in size, it may serve as both the vegetable and salad. Raw vegetables, of course, preserve all of the valuable minerals and vitamins. The flavor and texture of cooked vegetable salads are heightened by the inclusion of at least one raw vegetable. It adds that necessary crispness. For interesting and unusual combinations try chopped cucumbers and coarsely grated carrots... shredded raw cauliflower and tomato wedges... cooked asparagus, pickled beets and sliced radishes... cooked green beans and sliced cucumbers.

A CHANCE TO SCORE YOURSELF—Use Julia Lee Wright's "Check Yourself Quiz on Vegetable Cookery" in this week's Family Circle to see how you score. It also gives valuable information on getting the most from canned, frozen and fresh vegetables. The Family Circle is free at Safeway.
