parsonage here on Tuesday. May 5—Ray A. Kagelu and Florence E. Papineau, both of North Bend.

Calling cards, 50 for \$1.00.

parsonage here on Tuesday.

May 5—Ray A. Kagelu and Florence E. Papineau, both of North Bend.

Calling cards, 50 for \$1.00.

Howdy Folks:

Perhaps we notice it because we're dealing with cars—but have you noticed the price of cars of late? A car that sold for \$1000 two years ago and has been taken care of is a real buy now for \$1100.

It seems that everyone should be conscious of the value of correct and frequent lubrication by this time and the attention of minor repairs.

Remember a machine will run indefinitely if there is lubricant between the moving surfaces.

**Auto Liability Insurance
Not Compulsory**

Under new law to become effective June 10, 1943. The safety responsibility act requires that any driver involved in an accident that results in injury, death or property damage must within 10 days present proof of \$11,000 worth of financial responsibility or have his driver's license and car registration cancelled. At any time afterwards his license and registration would be revoked immediately if his insurance policy expired or his bond was cancelled.

The act applies whether or not the driver was at fault, exception being allowed only in the case of a car legally parked at the time of the accident. After two years, if the driver paid no damages and no suit was brought against him, he would be permitted to drive and own a car again.

Now the average citizen would rather play safe and place insurance on his or her car than to take a chance with FATE. With a law like the above in force there is not much choice. BUT IT IS NOT COMPULSORY. The cost for \$15,000 insurance is not high. From \$14.00 to \$16.25 per year—depending on the kind of Gas Ration Book you have.

**NOW YOU CAN HAVE YOUR
TIRES RECAPPED
Without a Ration Certificate**

BE SURE TO GET A QUALITY JOB . . . SEE US TODAY FOR

**GOOD YEAR
EXTRA-MILEAGE RECAPPING**

Get a job you can trust. Reliable recapping takes time, skill, care. That's the kind you get from us—reliable recapping, done the Goodyear way with Goodyear materials and by Goodyear factory methods.

Come in today. Have us inspect your tires, inside and outside. We will tell you frankly whether a tire can be recapped or whether it should be replaced.

If your tire can be safely recapped, get Goodyear Extra-Mileage Recapping here, for many more months of wear. If it is too badly worn for recapping, apply for a certificate, and get the best replacement tire to fit your mileage classification. We'll gladly help you prepare your Ration Board certificate.

Let Us Inspect Your Tires Now

You must have your tires inspected to protect your right to drive—so, don't put it off. Have us inspect them today. We'll help you reduce tire wear and prolong tire life. Let us check brakes and wheels, too.

*What is America
Fighting For?*

Freedom of Education!
(One of the Essentials of a Democracy)

Of all of the essentials of a Democracy one of the most important is the right of every boy and girl to an education—untainted and untrammelled.

In the good old U. S. A. no one is denied the advantages of knowledge; the opportunity to explore the wide horizons of the sciences, the arts, the crafts—all the subjects that make for a strong, intelligent citizenship and a fuller life.

Can this freedom work? It has since 1776!

Today, Americans are the most literate people in the world—enjoying the world's highest standard of living, thanks to education, sacrifice, individual enterprise, the will to work, and full confidence in the fairness of one's neighbor.

That's what America is fighting for. With these incentives we cannot fail.
