An enjoyable party was held last Sunday night at the Eagle's hall as a farewell to Mr. and Mrs. Loal Hickenbottom. There was dancing, followed by a delicious lunch. Besides a handkerchief shower for Mrs. Hickenbottom, the honor guests were also presented with two beautiful wool blankets. Those attending were Messrs. and Mesdames Geo. Adams, Earl Adams, Kenneth Baker, Ollie Newton, Glen Story, Austin Kyle, Frank DeCosta, Ernest Johnson, Earl Livingston, Van Spores, Evan Albom, Fred Bull, Ivan Haddix, Vernon Heimzelman, Lenorm Pownder, Mr. Jim Jacobson, Lowell Simpson, Leonard Fitzpatrick, Mesdames Gladys Gregg, Molly Hugh, Bertha Wilson, Marjorie Beall, Marian Anderson.

Mr. and Mrs. Fred McNelly received an unexpected visit from Howard Moy, who came on Saturday staying with them until Tuesday. Howard was president of the student body at high school and his many young friends will be interested to know he is now a gunners mate, 3rd class, in the armed guard. In a recent edition of a national magazine the work of the Armed Guard was explained. Every ship of the Merchant Marine has a crew of from ten to twenty navy men who are sent out for the ships protection on every trip. Howard just returned from the Hawaiian Islands.

Preston Moy, his brother, was last week moved from Santa Ana to Sequoia Field, at Visalia, where he will receive his primary training in the Army Air Corps.

**Guild Social Afternoon**

The Wednesday afternoon meeting this week was a pleasant occasion. The committee chairman was Mrs. Robert Greene, assisted by Mrs. Annie Robinson and Mrs. Ed Lorenz. Much fun was derived over a series of guessing games played.

**Lecturer Who Visited Europe To Speak On Bible Prophecy**

Rev. Nicholas Pirolo, D. D., of Chicago, Illinois, who visited Europe just prior to the present crisis and who is the author of several books on current developments, will speak at the Assembly of God church, in a series of meetings which began Sunday, May 25, at 7:30 p. m. and to continue through Sunday, May 30.

He promises to speak frankly and candidly in his discourses on the character and general ambitions of dictatorships in their relationship

with the Roman church system, of Hitler and the Jews and of underlying conditions which prevail in Europe at the present time. He will speak of the world's political and religious situation from the prophetic viewpoint showing its spiritual background and application and will also point out what part apostate Christianity plays in world governmental affairs.

While in Italy Mr. Pirolo addressed large audiences in Rome in a series of meetings conducted there, and also visited Mussolini's "Mostra" (Fascist Exposition) at Rome. Knowing the nature of the people of Europe and having long studied the ambitions of dictatorships, he is prepared to present facts concerning dictator regimes which will be of intense interest to students of prophecy and all thinking people. The speaker declares that he will unveil secret causes of the situation which exists in Europe, having been there about the time that plans were being laid for the present war campaigns. He also had opportunity to converse with men of rank in Italy.

For years Dr. Pirolo has taught and lectured in many states of the Union with great crowds in attendance everywhere. Calling particular attention to the developments of Anti-Christianity as seen today in Europe and the world at large, some of the topics which will be included in his talks are: "The World's Clamour for a Super-Man," "Who Is to Blame for the present Chaos," "Mystery Babylon—the Universal Church," "Dictatorship vs. Romanism," "Anti-Christianity Today," "The Triumph of Christ over the Anti-Christ," "The Church and the State—World Relationship," "America's Place in the War."

Rev. L. C. Persing, pastor of the local Assembly of God church, extends a cordial invitation to all.

**Plywood Mfgs. Meet In Tacoma**

A telegram to the Sentinel from the Douglas Fir Plywood Assn., in convention at Tacoma, yesterday stated: Northwest plywood manufacturers, whose 29 factories are operating top production to supply nation's needs, concerned themselves primarily with future peacetime markets as they hold their annual industry convention.

"First, plywood must be produced to help win the war but also you should now prepare to get back in the consumer market again," W. E. Dufford, managing director of Douglas Fir Plywood association, urged in his annual report.

His review came after the plywood men again named M. O. Cruver, Tacoma, president of their association. Other officers re-elected include Frost Snyder, J. P. Simpson and H. E. Kenzler, all of Tacoma, trustees. The all-industry board members are T. B. Malarkey and Clay Brown, of Portland; J. R. Robinson, of Everett, and E. W. Daniels, Hoquiam.

Army and Maritime Commissions rely on panels for soldier portable barracks, railroad cars, coastal patrol boats, torpedo boats, lifeboats, airplane boxes, parts for bombers and fighting planes and a host of other uses.

**Townsend Club No. 1**

Thirty members of Townsend Club No. 1 attended the meeting Tuesday evening. After the opening ceremony, business matters were attended to by the club, with president Tigh-

man, in the chair. Eighty-five members and guests were in attendance at the all-county meeting Sunday and it is hoped that at the next meeting State Representative Adams can be present, on June 27.

**Autoists Must Turn In Unused Gas Ration Coupons**

Motorists are warned by T. F. Thorn, district mileage rationing representative of the Klamath District Office of Price Administration, that local boards have the authority to revoke gasoline rations if regulations are violated.

With the expiration of stamp No. 5 in all "A" ration books at midnight May 21st, motorists are cautioned to turn in all expired coupons to their local boards within five days. These gasoline rations, which remain the property of OPA, should not be destroyed or left with service station operators, Thorn said.

He also stated that a few motorists throughout the district are still in violation of regulations regarding windshield stickers. "Only the highest value sticker should appear on the windshield."

Thorn said that any other gasoline ration stickers in the possession of the motorist should be destroyed.

**Evaporated milk comes to the rescue!**

IN 101 WAYS evaporated milk helps relieve wartime food problems. Babies thrive on it. Your cooked dishes are improved by it. It's the cream in your coffee, the whipped "cream" in your desserts, and ideal for creamed sauces, soups, cocoa, puddings.

What is it? Evaporated milk is whole fresh cow's milk with 60% of the water removed by evaporation. It's concentrated, unswetened milk sealed in cans, then sterilized pure. And today, through better methods of processing and distribution, it's possible to give you evaporated milk that's truly delicate in flavor.

What it does for you. Evaporated milk supplies you the healthful milk solids you ought to have every day. Minerals, protein, vitamins A, D, B, and B<sub>2</sub>. It's easily digested, too, even by a baby's delicate system.

How to keep it. Evaporated milk keeps perfectly in the sealed can without refrigeration. Opened cans should be covered and kept in a clean, cool place.

How to use it. When a recipe calls for 1 cup milk, mix 1/2 cup water with 1/2 cup evaporated milk and use as directed. In recipes calling for cream, use evaporated milk undiluted.

To make grand whipped "cream," chill evaporated milk to 40° F., place in cold bowl, beat with cold beater.
