Playground News

Boys and girls have been having a good time at the playground. Clubs have been organized, and captains and assistants have been chosen. Captains and members of the various clubs have been working on special numbers to be presented during our program on Friday. Children are having fun playing together and working together on different ideas and suggestions offered, for presentation during our program and various activities.

A number of the children, belonging to the Dramatic Club, have been seen practicing a play, originating from their own ideas, of "Peter Rabbit's Adventures," and of other familiar stories. The play will be presented during our program.

Each day of the week is full of fun and entertainment: Mondays, the special event of the day is a croquet tournament. Last Monday, Loren Steward was the winner of the boys and Lorraine Stewart the winner of the girls; Lorraine was champion. Mondays and Wednesday, there are contests in quiet games, such as marbles and checkers and also a story hour; each Tuesday a table tennis tournament is held. The winner of this week's tournament was Shirlee Van Fleet. Wednesday, the special event of the day is the badminton tournament; Thursday afternoon all the boys and girls who are interested in softball will play on the Junior High school field. It is hoped that many will turn out in order that two teams may be organized. Exciting games are anticipated. Thursday is also Race Day. Many different types of races will be held. Prizes will be offered for the winners, and Friday, the last day of the Playground week, is full of surprises. In the afternoon, a program will be

given, sponsored by the various clubs. There will be skits, stunts, special numbers, amateur hours and singing bees.

Boys and girls, if you are not now attending the Playground daily, do so. You will find each day "chuck full" of excitement, fun and entertainment.
