

Coots "Keep Oregon Green" Committee Named By Governor

Naming of Mrs. Stella A. Cutlip as county chairman for Coots county for the Keep Oregon Green campaign this summer was announced today by Governor Earl Snell.

"Our most important home front job this year is to stop all fires caused by careless action of the general public," Governor Snell cautioned the county chairman.

which might ground our planes. Every forest fire caused by a careless act of our own people is an axis fire. It takes manpower to fight forest fires and that means taking loggers from their important war job.

In addition to the county chairman, Governor Snell named the following citizens of this county on a Keep Oregon Green county committee and has asked that they give every possible assistance to this campaign:

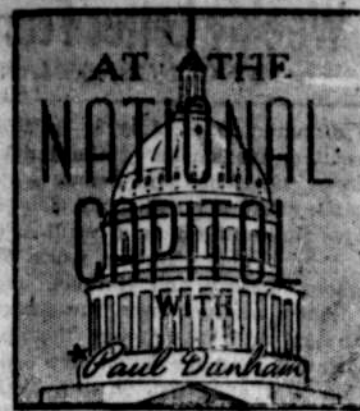

Townsend Club No. 1

Club opened its meeting with Pres. Tilghman in the chair. Several pages of questions and answers from headquarters were read. The club voted to send for 150 attendance seals for July.

Tuesday evening was stunt night and much fun was enjoyed by all those present. About ten members took part in the various stunts. Door prize was won by Mrs. Dean.

Refreshments for next meeting will not be announced but come and see what is to be served.—Press Cor.

Old papers 5c a bunch.

Washington, D. C., July 8—Northwestern seed dealers—there are scores of them in Oregon and Washington—are threatened with a lawsuit by the office of price administration for charging more for cleaning seed now than they did in the spring of 1942.

As OPA views the matter, the dealers have been "cleaning" the farmers as well as the seed and it is demanding that the dealers refund to their customers something like 20 per cent of what they collected for cleaning services within the past year.

Auditors of OPA have examined the books of some dealers and have taken a list of their customers and interviewed them, expecting the farmers would complain at the 20 cents increase for cleaning. It is said that not one farmer has expressed dissatisfaction for they knew the cost of labor had risen and they, in turn, were receiving a better price.

There are dealers who will put the proposition up to their farmer customers straight. If the dealer cannot charge for the higher labor cost he will clean seed only at a loss, and this he will not do.

Henry Agar Wallace, vice president of the United States, has read himself out of the fourth term ticket with Franklin Delano Roosevelt. His public statement, calling Jesse H. Jones, secretary of commerce, names disposed of his future as presiding officer of the senate.

The Wallace-Jones affair came on the heels of Elmer Davis charging that the Washington correspondents are prone to play up small controversies instead of taking OWI handouts. Mr. Wallace released the story himself.

Jesse Jones is a very big man in the Roosevelt administration, much bigger than Vice President Wallace, and whenever the president has considered clipping the wings of Mr. Jones he has refrained, for Jesse Jones is as strong as a horse.

nolds aluminum plant at Longview, although when the engineers recommended Tacoma for a tin smelter Jones sent that new industry to his home town in Texas.

Norton's need used Band Instruments. Let us make you an offer on any instrument you wish to dispose of.

PIMPLES DISAPPEARED OVER NIGHT

Yes, it is true, there is a safe harmless medicated liquid called Kleerex that dries up pimples over night. Those who followed simple directions and applied Kleerex upon retiring were amazingly surprised when they found their pimples had disappeared.

At Your Service

It is a pleasure to announce that I have become associated with the Great Northern Life Insurance Company, as District Agent. This Company is an old line legal reserve company with a long record of service to policyholders.
