

National Business Women's Week October 10-16

Women all over the United States have this week been celebrating Business Women's Week, sponsored by the Federation of Business and Professional Women. Here in Coquille we have a group of particularly busy women in this club because such a majority of them have their homes to keep up as well as their jobs. This bears out a definite meaning for "Living on the Home Front," a subject on which Clarence Osika, popular public speaker locally, has consented to talk at B. P. W.'s next meeting and which is the slogan or theme for Business Women's Week.

During the last two years the club has stressed war work though farther back and still the chief activity aside from this has been its scholarship loan fund. This fund enables worthy girls, without means, to continue their education beyond the high school stage.

A total of \$11,750 was the result of the recent war bond drive of this organization. The club aims at one hundred per cent war effort for its members. The committee is now at work on a survey of women at work and particularly women replacing men in the industries.

B. P. W. Notice

The Business and Professional Women will meet next Monday evening at the Guild Hall. Clarence Osika will speak on the subject, "Living on the Home Front." Junior Woman's Club Enlarging

The Junior Woman's Club is fulfilling all expectancy as was given evidence last Monday evening at the Guild Hall when thirty-one new members were initiated. An interesting candlelight ceremony was carried out. The meeting took the form of a potluck dinner. The long tables were decorated with autumn leaves and arrangements of marigolds and candles. There was assembly singing led by Yvonne Kern.

During the business meeting further plans were discussed for the Sadie Hawkins dance on Nov. 6. Prizes are to be given for the best Sadie Hawkins and Lil' Abner costumes. Dressing in costumes will be optional. A pole dance will be given during the evening with a prize to be awarded.

Announcement of the district convention Oct. 29, at Eugene was made. Two delegates, to be named later, will attend.

Soroptimist Club

Mrs. Littler gave a report on the Kenny Treatment Institute, which she attended in Portland, giving a most interesting summary and also answering many questions.

The total sales for the drive selling bonds and stamps amounted to \$10,940.00.

The club, whose quota for soliciting for the Federation of War Philanthropies in their designated territory is \$675, voted also \$25.00 from the club treasury and added \$20.00 made up of one dollar donations from each member, making a club pledge of \$45.00.

The Venture Club, a junior group of the Soroptimist movement, were guests Tuesday with their new president, Jean Bryan.

Public Health Nurses Busy

Mrs. Ethel Littler and Bernice Smith, both public health nurses who attended the Kenny Treatment Institute in Portland, gave a demonstration last Monday night. There were three doctors present and about twenty others there, all intensely interested.
