Townsend Club

Townsend Club No. 1 met Tuesday evening with about 36 present, in spite of colds and flu keeping several faithful members at home. Vice Pres. Fred Von Pegert conducted the business meeting. Mr. Buckner gave the opening prayer and this was followed by all singing "America."

This was the last meeting of the year and for the 52 meetings held, we have had an average of 30 persons per meeting. Greetings were read from E. E. Morgan, a member, living in Portland. Mrs. Anna Smith drew the door prize. No program was planned, so after cake and coffee, several musicians played for us. Next meeting jello and puddings will be served.—Press Cor.

Our entire business has been built upon friendship. We look upon all our customers as our friends, and are determined to give them the friendliest service possible. It is our aim to wrap up a little friendliness in each transaction.

Thanks, friends, one and all, for the privilege of serving you. And we want to say right now, as fervently as we can say it . . .

HAPPY NEW YEAR
COQUILLE AUTO CO.

ARE YOU ONE OF THOSE ARM CHAIR STRATEGISTS?

You know the man who has plans to save the world, while his own clothes need mending. The one who bellows about bureaucratic waste, while his tires are running on threads. The one who can tell General Eisenhower or General MacArthur how to wage the war without loss, while beetles eat up his garden. The one who screams about scarcity of foods, while he wastes gasoline on needless driving. He's worried about a new front opening up before he has solved the last one. There are a lot of fronts to think about.

There's the Jap Front, Russian Front, Alaskan Front, Sicilian Front, China Front, Solomons Front, Balkan Front, and Home Front

How About the "Tire Front"

That's a pretty important front. It calls for cooperation from everyone. It means that you should have your tires inspected regularly. It means proper tire inflation. It means driving sensibly and carefully. It means conserving every ounce of gasoline and every ounce of rubber on your tires. It isn't a job that you can do by yourself.

We have a responsibility, too. We know tire repair and recapping. It is up to us to tell you when a crack or cut should be fixed—and do it right. It is up to us to tell you when tires should be recapped and give new tire mileage to old tires. It is up to us to act as your Tire Advisor and be at your service whenever the occasion demands.

Repair and Recapping Time Is NOW!

We are heading right into the most critical tire period in the nation's history. Tire service is more important now than ever before. Don't be too optimistic about getting new tires very soon. It takes time to produce the synthetic rubber and convert it into tires. And don't forget that the needs of our armed forces come first. Let's take care of your own tire problems before we settle all of the other world problems. After all, they do go hand in hand. We must be able to settle all kinds of issues, and the tire issue is one we can help you on.

WE'LL GIVE YOU EXPERT INSPECTION, SOUND ADVICE AND HONEST WORKMANSHIP
