Bill Williams, of Myrtle Point, spent Sunday night at the home of Mr. and Mrs. Harry Collier.

McKinley 4-H Forestry And Garden Clubs in Joint Meeting

The 4-H Forestry and Garden clubs of McKinley met for a joint meeting on Wednesday, April 19, at the schoolhouse with President Chas. Payton of the 4-H Foresters presiding. The Foresters discussed wild shrubbery while the Gardeners discussed various kinds of weeds and their control.

The 4-H Gardeners are a new club just organized with Mrs. Kenneth Hanson as the leader. Ida F. Oerding is the leader of the Forestry club. The Forestry club made plans for their Arbor Day celebration. James Bishop, assistant county agent, was the principal speaker. The Foresters made arrangements to plant wild shrubs on the school grounds.

The special topic for discussion at the April 26 meeting was "Vegetables I Plan to Plant in My Victory Garden."—Mary Lou Payton, Club Editor.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up at night, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by physical science everywhere. Ask your neighbor!

DOAN'S PILLS

BE SURE OF THE NUMBER

BEFORE YOU TELEPHONE

Wrong numbers are annoying. Annoying to the party wrongly called—to you and to us. If you're in doubt at all—look up the number, you'll be helping us to give you better telephone service.

Besides, telephone facilities are heavily burdened these days and wrong numbers only add to the burden.

TAKE-OFF TO TOKYO

- From Carrier Decks of West Coast Wood!

WOOD AT WAR

90% of all wood production today is going to war. 34 billion board feet will be needed this year. Of this amount, 16 billion will go into crates and boxes to move guns, planes, ammunition, food, and other supplies to fighting fronts. Another big share will be shipped in bulk to active war zones for quick shelter repairs, docks and hospitals. Postcard request to this newspaper will bring you an informative booklet about wood at war. Ask for "West Coast Lumber Must Serve the Guns."

JAP ISLAND BOMBED! . . . say the headlines day after day. Soon they'll be shouting, TOKYO BOMBED AGAIN!

You men and women of the West Coast woods are playing a big part in these events. Our aircraft carriers are decked with timbers YOU produce! Just as important . . . YOU are producing the wood to make barges, ponton bridges, docks, hangars, crates, boxes, and the thousand other wood needs of war.

This is the critical year. More "fighting timber" is needed now than ever before. Production is up. YOU are delivering the woods . . . let's keep it up!
