

Melvin Wheaton From South Pacific

Melvin L. Wheaton, first class Motor Machinist Mate in the Coast Guard, who has seen considerable action in the South Pacific, came home last week-end on a 30-day leave and when he leaves it will be for Seattle and probable assignment to a post somewhere on the coast. Along with the action he evidently has seen a lot of hot weather for he is brown as a berry. He says he has not seen anything yet that compares with Coos county as a place to live.

Melvin, who is the son of Mr. and Mrs. F. M. Wheaton of Coquille, has been in the Coast Guard for four years. He attended Coquille schools from the third grade up and was a C. H. S. graduate in 1938.

Letter From A Coquille Boy Now In England

From "Somewhere in England," P. O. Lund has received the following letter from Lieut. John Wilbur Ingram, a young man formerly employed in the Smith plant here, who entered the Army as a buck private and by reason of his own inherent ability has become a commissioned officer. His parents reside here. He wrote on May 3:

I received your most welcome letter a few days ago and was pleasantly surprised to say the least. It was very nice of you to comply with Dad's request.

I'm sorry that I can't tell you of what is going on over here. Anyhow it is negligible at the present time. The home front knows more than we do from all reports.

Yes, it is true that most of the young men, and women for that matter, have gone from most towns. I found that true even before I left the states.

Needless to say I'll be glad when I can walk into your store and purchase a complete new outfit. I only hope that it isn't wishful thinking on my part.

I would appreciate it immensely if you would continue to write occasionally. Any news from home is a boon to our spirits.

With best wishes for your good health and happiness and continued success.

Duane Fitzgerald New A Captain In Army Air Force

Duane S. Fitzgerald, son of Mr. and Mrs. Stanley L. Fitzgerald, of Coquille, has been promoted to captain at AAF Overseas Replacement Depot No. 2, says a communication to the Sentinel from Kearns, Utah.

Captain Fitzgerald, a section supply officer there, is a graduate of the Oregon State College where he became a member of Alpha Tau Omega fraternity. Before entering the Army Air Forces he was a logging engineer for the Barton Lumber Co., Grants Pass, Oregon.

The E. M. Briners Here For Couple Of Days

Mr. and Mrs. E. M. Briner, who live at Farragut, Idaho, where he has been storekeeper at that Navy camp for the past year and more, dropped in to see old friends here this week. They were on their way back to Farragut from San Francisco, where they had been on a few days' leave. "Butch," as he is always called here, does not know just how soon he may be assigned to overseas duty.

Sen. Holman Did Not Mince Words

(Continued from Page One)

ship," the senator declared, and he is convinced that if F. D. R. and his New Deal supporters control the federal government for another four years that it will be the end of the United States as a republic.

The senator referred to the fact that Roosevelt would not allow the recommendations of General MacArthur, when he was Chief of Staff, to be carried out. The general wanted an increase of army and navy personnel and of equipment, but now the president talks about our lack as "too little and too late."

The two-Navy ocean bill, which was passed, with Senator Holman's help, four years ago, is all that saves us now. F. D. R. was opposed to that bill but bowed to public opinion and signed it.

The senator was also instrumental four years ago in boosting the budget for army expansion from 800 million dollars to a billion and a half dollars, almost double. That is his reply to those who charge him with isolationism.

The senator emphatically declared that the man who labors has not a better friend on earth than he is. It is the man who exploits the worker whom he is opposed to, whether he be employer or labor racketeer.

Sen. Holman said that the charge of absenteeism from roll call was a dirty one. Mostly when he has been absent it was while he has been on Senate investigation committees which were appointed for many purposes, the visits extending up to Alaska and all over the U. S.

He also claimed partial credit for getting Bonneville dam and its power completed two years ahead of time, which resulted in increased aluminum production for airplanes.

The senator also charged that the New Deal administration is conniving to evade enforcement of immigration laws and declared that 800,000 refugees from Hitlerism have entered the United States since the war started.

Senator Holman said what happened to him was very unimportant and that he was not soliciting votes for himself. "This is not an ordinary election; the nation's liberty depends on its results, and the line of demarcation runs through both Republican and Democratic parties. On one side are the constitutionalists, and on the other the rabble-rousing New Deal."

He hoped the Constitutionalists are in the majority.

Former Coquille Merchant Wants To Attend The Democratic Nat'l Convention

Elsewhere in this issue is the announcement by a former Coquille merchant, Frank C. Pursley, asking democratic voters to mark in the square opposite his name, on the ballot tomorrow. He is a candidate for the position of delegate to the Democratic national convention in Chicago this summer, from Oregon, and that body's action will be but a formality as far as the presidential nomination is concerned—unless the unexpected happens and F. D. R. refuses to run.

Mr. Pursley, who now lives in Eugene, where he is a social security and income tax auditor, was in the gent's furnishing business here some 25 to 30 years ago, his store being in a frame building now replaced by a concrete one on the south side of Front street.

McNary are contributing in order that an oil painting of the deceased senator may be hung in the national capitol building in Washington. No contribution of more than \$5 will be accepted but smaller amounts will be appreciated.

Calling cards, 50 for \$1.00.

Howdy Folks:

We might suggest that everyone should not get too excited all at once about rejuvenating the old trucks; after all the time that should have been thought of was over two years ago.

However, we will cooperate in every way possible and all repairs will be recommended while considering the condition of the rest of the vehicle and the work it will be expected to do.

They only transform things with a wand in Fairy stories.

We come next!

Auxiliary Day At Guild

Mrs. L. H. Hazard was in charge of arrangements Wednesday afternoon at the regular meeting of the Guild. It was Auxiliary day and a special program was presented. Miss Allen Wilson rendered a pleasing vocal number. Mrs. Lewis, wife of the Marshfield Episcopal vicar, gave an interested talk on the life history of Bishop Rowe, pioneer missionary to Alaska. Lovely refreshments were served. Mrs. Hazard was assisted by Mesdames Henry Lorenz, Geo. Laird and Chas. Selbig.

Attending were Mesdames James Watson, A. J. Sherwood, Lufe Compton, Theo. Clinton, A. O. Walker, Annie Robinson, C. L. Tuttle, Henry Lorenz, Chas. Selbig, Geo. Laird, Robt. Greene, Hale Eubanks, B. Folsom, J. A. Moore, Ida Owen, F. M. Shaw, Jane Williams, D. B. Kesner, H. A. Slack, Oscar Langlois, Misses Alleen Wilson, Pearl Snyder and Ruby Snyder.

That's right! You always get full value when you buy produce by the pound!

It's so obvious, when you stop to think about it: a dozen oranges could be small and light, or big and heavy—but a pound of oranges will always give you your money's worth. And that's just as true for all fresh fruits and vegetables!

Now that fresh vegetables are coming on the market in good quantity again, it's a good time to explore some of the possibilities of using them in fresh and lively ways.

First, though, here are some general suggestions that are worthy of a second glance:

Rinse freshly-bought vegetables in cold water (don't soak them); wrap in damp cloth or replace in paper bag or put in vegetable compartment; and store in refrigerator.

If they must be peeled, don't peel them till the last minute.

Cook them quickly in the least possible amount of water (exceptions are spinach and strong-flavored vegetables like cabbage, which are best cooked in plenty of water, uncovered).

To hold the bright color in red cabbage and beets, add ¼ tsp. vinegar or lemon juice for each cup of shredded vegetable, to the boiling water.

STRING BEANS, with strings removed, will taste better if you slit down the middle or at an angle, before cooking them!

CALICO VEGETABLE MASH
Combine 1 cup each of diced cooked turnips, carrots, beets and potatoes; moisten with 4 tbsps. meat stock or water enriched with a beef cube. Melt 3 tbsps. shortening in hot frying pan; spread the vegetables evenly over the pan's surface and cover. Reduce heat and cook slowly 15 to 20 minutes or until brown crust is formed. Loosen hash from pan, fold in half, turn out on hot platter and serve. Serves 6.

SPINACH PANCAKES
Drain and chop 2 cups cooked spinach very fine and add 1 cup dry bread crumbs, 1 tsp. salt, ¼ tsp. pepper and 4 eggs slightly beaten. Drop by tablespoonfuls into a hot greased frying pan and fry until brown, turning once. Serve with highly seasoned tomato sauce. Serves 6.

Speaking of vegetables, don't forget that this week's issue of *The Family Circle Magazine* has the second in my series of up-to-the-minute articles on home canning. This one discusses strawberries, asparagus and rhubarb. Get your free copy at Safeway!
