Miscellaneous Shower For Miss Lois Fenn

Lois Fenn, whose marriage to Jesse Burton DeWald, of Canyonville, Ore., is to occur June 20th, was honored last night at a large shower at the Odd Fellows dining hall by members of the Business and Professional Women's Club and the Rebekah lodge. Dessert was served at eight o'clock on tables profusely decorated with garden flowers. Gifts were opened while the guests remained at their places. Many fine gifts were present, several of which were accompanied with a group of names, of several on the card.

Mrs. Florence Hallock sang two numbers, accompanied by Mrs. Birdie Steels. One of the numbers, "I Love You Truly," was rendered with such feeling and sweetness as to occasion considerable comment during the evening.

Her home formerly was Canyonville and she is to marry a young rancher who operates holdings five miles east of there on the Tiller Road. On June 25th they will hold open house in their new home and Lois expressed her wish that friends from here might be there to participate in the festivities. About forty-five attended last evening, Mrs. Ruth Bayers and Mrs. Hallock, assisted by others from both organizations, were in charge of the affair.

Coquille Clean-Up Week, June 16-23

(Continued from page one)

will serve many purposes. Not only will it insure that the city will be spic and span for the Victory celebration, July 2, 3, 4, but it will facilitate the gathering of paper and cans for the local salvage committee.

Geo. F. Burr, general chairman in charge of the clean-up drive, has appointed Elmer Benham to take charge of transportation. Mr. Benham's trucks, as well as city trucks and possibly some others, will be used in the drive.

Dr. J. R. Bunch will be in charge of information and instruction and will direct the work of actually gathering the salvage. O. L. Wood, Stan Sherwood and H. A. Young will take care of advertising and publicity.

All local citizens are asked to clean up their yards and parking strips. Trees and shrubs should be trimmed. All trash and garbage should be placed in adequate containers along the curb, where pick-up men can get it with the least trouble.

Tin cans should have labels removed and be thoroughly cleaned. Both ends should be removed and inserted inside the can. The can should then be stepped on and mashed flat and packed in boxes or bags. Dirty or badly rusted cans can not be accepted.

Papers, books, magazines and cardboard are needed for salvage and should be securely tied in bundles with stout cord to prevent loss of time in handling. They are acceptable in boxes if tightly packed. String of boxes for this purpose may be obtained at the Geo. F. Burr Motor Co.

Transportation and man power to conduct this clean-up drive will be limited and any person who can bring his or her own salvage to the local salvage depot is urged to do so, taking care, however, that it is properly packed or bundled.

During the clean-up week the city dump will be open from the hours of four to eight p. m., and any persons who can haul their own refuse to the dump are welcomed to do so, free of charge. There will be an attendant at the dump to assist persons taking advantage of this free service.

The clean-up committee trucks will cover the town during clean-up week and will take care of those families who cannot dispose of their own salvage and waste materials. The committee insists that material to be disposed of be placed along the curbing. Any salvage or refuse not so located cannot be picked up.

Playground Now Open For Children

(Continued from page one)

On Tuesday, June 6, the children's playground in the Myrtle Grove park, back of the Community Building, opened under the direction of Harriet Tozier. Most of the time this week has been spent playing ping-pong, badminton, and croquet. No contests have been started yet, but by next week the ping-pong tournament will be under way. Children interested in entering this tournament should come to the playground some time this week and sign up. There will be prizes for winners of both the boys' and girls' contests.

Some of the events planned for this summer are tournaments in badminton, ping-pong, croquet and horse shoes. There will be special programs on Friday afternoons and plans are being made for a circus which will be held on June 16. Pets can be entered by their owners and prizes will be given for the pets with the most original names.

The playground will be open every day, except Saturday and Sunday, from 9 a. m. to 5 p. m.

Her daughter Jeanne, C. H. S. graduate last month, will leave next Tuesday for Seattle, where she will enter Providence Hospital as a Nurse Cadet.

The only new name on the blotter in the sheriff's office the past week is that of Almo G. Ely, who is serving out the \$25 fine assessed by Justice Jones at Myrtle Point after his arrest for being intoxicated on the highway.

Lions Add Novelty To Rotary Dance

vantage of every opportunity in these times. One of my old gals back in the Black Hills of South Dakota used to say, "A stitch in time is likely to save you indecent exposure."

I realize, that in running for reelection as mayor of this beautiful little city, it will be necessary again to use my best flattery on the ladies and to kiss all the babies. You know, I've been up to Portland this last week practicing up a bit. Of course, the babies I practiced on were between the ages of 18 and 35 but I guess I'm doing O. K. in that age bracket.

Friends, recently, you know, they called me up to Portland for the launching of the ship, "City of Coquille." I like to think of this ceremony tonight as synonymous to that launching. We are tonight launching this queen which the Lions have again elected. Of course, you know, I'm a Rotarian. Most of us "old timers" belong to the Rotary Club and it's mighty difficult for us to beat the boys in the Lions Club.

Last year, the Lions beat the Rotarians so badly that we didn't think we could ever get the boys in the Rotary Club interested again. At that time, ten of the younger members of the Rotary Club dropped out, and tried to get into the Lions Club. This year I'm afraid we will lose all the rest of our members who are under 65.

We Rotarians have, in our feeble way, done our best but we realize that, if we come out second or third best, we've done pretty darned well. May the best men ever win.

Coming back to the launching of that gigantic tanker there in Portland. This queen tonight reminds me of that ship. She was surely a streamlined baby. You know, I would twice and a half times rather launch this victory queen than the biggest battleship afloat. Of course, we haven't the mammoth crowd here that there was up there in Portland. Gee! that sure was a big crowd. The stands were full, all seating was full, the streets were full, almost everybody was full. There was scarcely standing room. In fact, no standing room; I even found it difficult to stand up long enough to make my speech.

These 4th of July celebrations are getting to be a big event for Coquille and it is my sincere hope that by 1944 the Rotarians will again be able to elect another queen and that by 1944 we can build our celebrations

up to the place where they will equal those celebrations I used to attend as a boy back in the Black Hills country, in old Belfinch, S. D.

And now, friends, the time has come to launch our queen. We'll break a bottle of champagne over her bow. No, I mean we'll place a crown upon her brow and declare her Coquille Victory Queen the third.
