Pioneer Church Pastor Leaves For Conference

Rev. and Mrs. Charles Brown left Monday to attend the annual sessions of the Oregon conference, which will be held in the city of Portland this week. At this conference all pastors will be assigned to their fields of labor for the coming year. Rev. and Mrs. Brown have been with the local Methodist church for three years. During that time the church has been cleared of all indebtedness and the property here has been improved. The membership is larger and the work of the church is in a healthy growing condition. Just what will be done in appointment of pastor for next year will be determined at this coming conference in Portland.

Coquille Shipped Tin Cans On Time

An example of what can be accomplished in an emergency was the way the tin can salvage shipment went out of town Monday.

At ten o'clock Sunday night the county salvage chairman called Geo. F. Burr and stated that Coquille's tin can collection had to be in Marshfield and on the car by 1:00 p.m. Monday. One look at the huge pile of unflattened cans in the salvage depot would have meant dismay to anyone.

However, with the co-operation of Scoutmaster Phil Alborn and ten of his fine scouts from troop No. 14, the herculean task of sorting, flattening, packing and loading these cans was accomplished. Boy Scouts who assisted were Jack Lisk, Jack Blum, Jim Clark, Duane Lizengood, Bryce Tracy, Roger Williamson, Norman Persing, Bob Kuenzli, Jean Boots, Preston Willis.

Pacific Feed and Seed donated one truck and driver as did the City of Coquille. Many local men rolled up their sleeves and pitched in.

Over eight tons of cans were shipped and the last load was ready to leave Coquille at noon.

Since the tin can and paper drive will continue indefinitely, the salvage committee, as well as the others who helped in this, feel very strongly that local people should clean, flatten and pack their own cans before turning them in for salvage.

Special Services To Close Sunday Evening

The special meetings which have been in progress at the Assembly of God will come to a close this coming Sunday night, Pastor L. C. Persing announces. In speaking of the meetings he stated that he has been well pleased with the attendance and the tone and spiritual character of each service. Evangelist Howard May has been bringing messages that members of any church or creed could profitably enjoy. Mrs. May, singing at nearly every service of the campaign, has been a special attraction and enjoyment.

Rev. and Mrs. Howard May and their little son, Donald, go into the state of Washington for other meetings from here.

Pastor Persing urges the public to take advantage of the few remaining services to hear these church workers.

Lajrd Asks Support Of Bond Drive

Geo. P. Laird, chairman of the 5th War Loan Bond drive, for this district, was the speaker at the noon luncheon meeting of the Rotary Club on Wednesday. Mr. Laird stated that up to the present the bond sales in the E series were barely ten per cent the quota and made an urgent appeal for help to put the drive over the top.

Dutch Clinton and Lafe Compton, a guest, told about the drive for members for the Country Club that has recently been reorganized.

Jess Barton reported on the progress of plans for the 4th of July celebration.

Lion Lloyd Claver was the only other guest present.

To the People of this Community

There will be a feeling of shame in this community if we find ourselves short of the mark when the Fifth War Loan comes to an end July 8.

We will not permit that to happen here, especially if we look around in our homes and our places of employment and see the shadows of relatives and friends who today are in the midst of bloody battles for us.

We cannot emphasize too strongly that regardless of the size of the oversubscription of our community quota, the Fifth War Loan will be a flat failure for you if you do not exceed anything you have done in the past in War Bond buying.

In this invasion hour our fighting men have a right to demand that you make your record contribution to the success of a war loan. The slogan, *Back the Attack—Buy More Than Before*, is not merely a catch phrase. It expresses the cold facts about invasion. Unless we make the supreme effort to do everything humanly possible either at our work benches or in our homes, with our sweat, our blood and our dollars we hand over our share of the burden to our fighting men.

Be yourself. Ape no greatness. Be willing to pass for what you are. A good farthing is better than a bad sovereign.—Samuel Coley.
