The regular monthly-meeting of the Coquille Valley Country Club was held at the club house July 12, President Dutch Clinton presiding. He appointed the following committees to serve during the coming year, the first named being chairman:

Tournaments and Handicaps—Jack McLarrin, Roland C. Bowers, Andy Richardson.

Fairways, Greens and Rules—Bard Kesser, Don Gillespie, Perry Roper.

Entertainment—Lloyd Claver, chairman; Myrtle Point, Herman Teshen, Perry Roper, Elton Schroeder; Coquille, John Purkey, Lela Compton, Jane Martin.

Transportation—Frank Martin, Coquille; John Arnold, Myrtle Point.

Potluck and Improvement—Mr. and Mrs. L. Hollimon; Mr. and Mrs. Geo. Chaney, Mr. and Mrs. W. E. Bosserman, Mr. and Mrs. Faye Osterhout.

Elton A. Schroeder was elected secretary of the board of directors to succeed Lloyd Claver, who was unable to serve.

Other business matters were discussed at this meeting and, from all prospects, this should be one of the best years at the golf course, now under the management of Mr. and Mrs. Pat McLarrin, as the course itself is in the very best of shape.

The old club members promised Pat McLarrin when he took over the management of the club house and grounds a total of at least 30 members. There are 43 now on the membership roll.

WAVES May Now See Overseas Service

Overseas service for WAVES is assured if the present proposed bill for permitting these members of the women's reserve of the Navy is passed by congress, according to Chief Specialist Paul Connet, of the Marshfield Navy Recruiting station, which handles WAVE applications in this area. Observers in Washington, D. C., predict that congressional approval will be given.

The three main hurdles previously preventing assignment of WAVES to overseas duty have been overcome, the proposal has been approved by the House Naval Affairs committee, the Navy now has real use for WAVES at overseas stations—an estimated 25,000 of them to start with—and the plan now has the popular approval of both WAVES and women's groups.

Summer recess of the senate has caused a delay in consideration of the bill. It was under scrutiny by the Senate Naval Affairs committee with every assurance of passing that group when the solons adjourned for the summer.

Every provision is made for the maximum of protection, healthful working and living conditions, and safety of WAVES who will serve overseas in this measure. They will not be in areas where conditions are dangerous or critical.

WAVES will have many new opportunities to travel and to enjoy the adventure of living in foreign lands when the WAVES overseas bill is passed—all this in addition to the travel and training opportunities now given these young women.
