

Bare Facts From Bear Creek

"The Column that's Different" (By Lans Leneve)

Since our entry into the war this country has been going through a "freezing" process. About everything on the market has been "frozen" but Eleanor's gas, to a certain extent. Everything has been "frozen" with the exception of The New Deal. It evidently consists of too much "hot air" to become frozen. Even without consulting with Eleanor, so she states, F. D. R. has decided, if possible to "freeze" himself into a fourth term. If the citizens of America do not "thaw out" from beneath this presents "freezing" process long enough to vote in the proper manner at the election next November they are likely to find the personal rights, liberties and freedom that our forefathers fought to preserve, "frozen" so hard during the next presidential administration that they will never be able to crack the ice.

A loaded truck with logs from Curry county was crowded into the ditch last week near the Hamblock place by two oncoming cars. It took several hours to get the truck back on the highway. One thing can be said concerning the logging truck drivers and that is that they always keep their side of the road. Their drivers are fast, but careful and considerate of traffic, which cannot be said of all drivers on our highways.

Mrs. W. C. Rose, of Coquille, spent last week visiting the writer and his wife at Bear Creek. It is stated that Hitler suffered a slight concussion of the brain in the recent attempt to assassinate he and his staff. It is astonishing to learn that a warped brain can suffer a concussion.

"Jumbo" Albertson and family spent the week end on Bear Creek. It was a quiet week end this as "Jumbo" didn't mount any range broncs.

Wava Chesley received a letter from her husband "Red," last week. The letter was written while "Red" was dodging bullets in a fox-hole in Normandy.

"Perby" Thompson, popular young lad of Bear Creek, writes us that he is now training with the armed forces at Camp Bannion. He wishes all news of importance throughout the valley. In answer to this summons we are sending him the latest copy of The Sentinel, "it's like a letter from home." That's a tip to your readers. A subscription to The Sentinel sent your boy or girl, or friend who is training here in the U. S. makes a present much appreciated.

J. A. Walsh, of Marshfield, who furnishes choice shrubs and plants (wild ones) to the Government as well as to private individuals, was busy engaged in digging such shrubbery in the glades near Bear Creek last week. Mr. Walsh will be remembered by many as district fire warden some eighteen years ago.

We are wondering if the writer who composed the song, "When It's Apple Blossom Time in Normandy," had any conception in that distant day of the fallen blossoms being dyed with the lifeblood of Young America today.

Arago News Items

Robert Bunnage, of Portland, arrived at the home of Mr. and Mrs. J. L. Burtis last Sunday to spend about a week visiting there.

Junior and Darwin Gulstrom drove up to the Brethren Conference, which was held in the Lett grove at Bridge, last Saturday and Sunday.

WE HAVE THE TIRES PROVED BY 3 BILLION MILES

How good are synthetic tires? Users' experience with B. F. Goodrich Silvertowns gives you the answer

Hundreds of thousands of B. F. Goodrich all-synthetic Silvertowns have been sold to essential drivers. By the most conservative estimate, these tires have already rolled over 3 billion miles.

Hundreds of these drivers have taken the trouble to write in and say what they think about all-synthetic Silvertowns. Complete satisfaction is expressed by most. Others are convinced that all-synthetic Silvertowns will give at least as good service as pre-war tires.

So, if you are eligible for new tires, see us at once. When our thorough inspection shows you can qualify, we'll fill out and handle your application for B. F. Goodrich Silvertowns—the tires of proven performance!

READ WHAT USERS SAY:

MUSTANG, OKLA.—I can gladly recommend Silvertown tires. Several have bought synthetic tires because I showed them mine. J. C. Boushore

ENID, OKLA.—Tread wear is practically impervious and does not show any cuts, tears, or bruised places. C.K. Sims

BURBANK, CAL.—Have run 31,000 miles on my set of Silvertowns over frozen ground and rocks—on chains for 4,000 miles. Fred A. Kroll

STANLEY, N. C.—I got over 36,000 miles on them. Still good. J. C. Fromberger

LANCASTER CO., PA.—I have driven my tires 40,000 miles. Surprisingly good tread. Parke Bryson

NEW ORLEANS, LA.—Performed as well as any natural rubber tire that I have ever owned. R. J. Weber

CONNERSVILLE, IND.—I would prefer one of the good grade synthetics above anything that I have used. Lawrence M. Hader

MARION, KY.—I drove two tires for about 30,000 miles. Front wheel became out of line and this caused one of tires to wear. Other tire still in use. Roy Jennings

FT. WAYNE, IND.—I have been a Silvertown user for 10 years. Your all-synthetic surpasses them all, for wear. Mrs. Grace Wirth

Built to take a BEATING

Take no chances on those hard-to-replace track roller bearings. Use a lubricant that's especially compounded to ease their crushing burdens.

Free flowing RPM Tractor Roller Lubricant spreads over every inch of bearing surface, forms a resilient cushion against shocks. It stays put longer under off-center pressures of side hill work — resists displacement under the heaviest loads. RPM Tractor Roller Lubricant seals bearings against dust and mud.

VALUABLE FREE PAMPHLET

"HOW TO SERVICE AND LUBRICATE WHEEL BEARINGS"

Get this free, fully illustrated booklet that shows 17 important steps to safe, sure wheel bearing lubrication. Tells how to use tough, water-resistant, long-lasting RPM WHEEL BEARING GREASE on trucks, tractors and passenger cars. Ask for your free copy today.
