Buck Gilbert And Bride Home Few Days

Second Lieutenant H. L. (Buck) Gilbert and Mrs. Gilbert, to whom he was married at Atlanta, Ga., on July 8, came in this week to visit their parents, Mr. and Mrs. Carl Gilbert in Coquille and Mr. and Mrs. M. R. Harris in Bandon, for three weeks.

Buck's bride, the former Marian Harris, went across the country from Bandon early last month, after Buck had finished his training at Corpus Christi, Texas, and they were united in marriage by the Rev. Mr. Turner at the Presbyterian Manse in Atlanta.

The bride's sister, Mrs. Dorothy Waldrop of Fort Smith, Ark., was present at the ceremony to act as matron of honor.

The newlyweds will leave for the Marine base at San Diego the latter part of this month as he must report there Aug. 26.

Buck is a graduate of Coquille High where he was outstanding on Red Devils teams and his bride is a graduate of Bandon High.

Congratulations and best wishes to them both.

Prefers Coos To Texas Climate

Lieut. Robert E. Morrison, son of Supt. and Mrs. Carl E. Morrison who moved over here from North Bend this summer, surprised his parents when he arrived home from Eagle Pass, Texas, Saturday evening instead of Monday as they had anticipated. He flew from Texas and was glad to get back to the cool (comparatively) Coos climate for the day before he left Eagle Pass, the thermometer stood at 122 in the shade and at 140 degrees in the barracks.

He has been in the Army Air Corps for the past 16 months and he must leave again Saturday to return for final training in Louisiana.

The superintendent and the lieutenant were out on a fishing trip Tuesday.

Capt. Duane Fitzgerald Here For 2 Weeks' Visit At Home

Capt. and Mrs. Duane Fitzgerald came in last Wednesday evening from the Army headquarters at Salt Lake City to visit his parents, Mr. and Mrs. S. L. Fitzgerald, and his many old friends here.

Capt. Fitzgerald has been in the Army Air Corps for the past two years and has now been assigned to the mustering out section, indicating he will probably be at Salt Lake for the duration.

Mrs. Fitzgerald left Wednesday to visit her parents in Medford and when Capt. Fitzgerald leaves next week to return to duty he will stop there for her.

The captain and his father spent a couple of days this week up at the latter's mine in southern Coos county.

He has gone first to Topeka, Kansas, where final instructions will be given and equipment issued to him.

Ward McReynolds will be here again next Tuesday, Aug. 15, from 9 until 4 at the city hall to receive applications from those desiring drivers' licenses and conduct examinations.

Bud Trendell Home On Leave

Bud Trendell, who two or three years ago, was one of the hottest Red Devils basketball squad, kept up his record last winter at the Naval training base at Waldron Field, Texas, when his team was the champion service men's quintet in that section.

Bud is now an Aviation Machinist Mate, third class, a petty-officer in the U. S. Naval Aviation Air School, after being in the service for two years.

He came home on leave last Sunday and must leave again for Corpus Christi next Monday or Tuesday.

When the Sentinel reporter tried to see him yesterday but could not because he had gone fishing, his father, A. E. Trendell, told how "Buck" Gilbert's former C. H. S. classmates, who were Bud and Charley McIntee, treated "Buck" when he received his Marine officer commission. They had to salute "Buck" because of his rank and then they all gave him several kicks on the seat of his pants!

No Shortage Of Shells In France

Writing to send a V-mail letter from her brother, Corporal Fred Cunningham, Mrs. Edgar Wilson writes from Sheridan, Ore.: "We have been receiving the Sentinel regularly and enjoy it so much. Though we live many miles away, we still feel Coquille is our home and the paper gives a homey day-to-day account of events there. I particularly enjoy the "Twenty Years Ago Today" column because it reminds me of so many happenings during my childhood in Coquille."

Her brother wrote her: "I am in France and still O. K. I've seen and learned a lot since I got here."

The censor had evidently cut out something here about the lack of shells for hunting on the home front for Fred's next sentence was:

"Civilian shells are a thing of the past, huh? Well, I don't have any troubles that way. The Jerries also left plenty. This French language is sure tough to learn, but the people are friendly and some speak English. "Write when you can, and how about some candy?"

Macy Anderson Going Over Seas

Macy Anderson warrant officer in the Army Air Corps, left Wednesday morning for Camp Beale in California to report for duty on an overseas assignment. He came from Florida where he has been stationed at an aviation base, and was accompanied by Mrs. Anderson and their little daughter, Darlene Mae, who live in Spokane, where he stopped for them. They arrived last Thursday evening to visit his mother, Mrs. Mary Rocco; his brothers, Graydon and Darrell, and other friends.

Macy was employed in the Sentinel office for some six years, leaving here about eleven years ago when he enlisted in the regular army, as a member of a regimental band, and was stationed for years near Spokane, where was married.

After two enlistment hitches as a bandman his third enlistment was in the Air Corps and he was stationed in Alaska for a time prior to Pearl Harbor. He has been with the 3rd Air Force, in Florida.

After a few more days here Mrs. Anderson will return to Spokane where they own their home.

Arago Hi Graduate To Be Radio Operator On Bomber

Coquille Unit Red Cross Notes

Coquille Red Cross will meet on Friday, Aug. 11, at Guild Hall from 1:30 to 4:30 p. m. to sew, knit, crochet, etc. Yarn for distribution will consist of Army V-neck and Brooks type Navy sweaters. For the machine sewing there will be unbleached muslin, hospital gowns, regulations kit bags, scuff slippers and baby "nighties." "We are again placed on quota for regulation kit bags," says Mrs. D. B. Kesner, "and we hope a number of our women will accept these in preference to the lesser needed items. Mrs. W. H. Schroeder has contributed a number of pre-war, heavy type sewing machine needles, which should make this task much easier than has been the case where the new, fine needles have been used."

There are also available at work rooms three sewing machines for those who wish to work there. Mrs. Kesner, chairman of production, will be away for the next two weeks or more visiting relatives in Seattle. She urges workers to keep up the good work they have been doing and thanks new workers for their cooperation.

The Unit continues to need colored wool and cotton yarn, wool material, black and white cotton thread, Nos. 36 and 40; also wearable and outgrown clothing for foreign relief.

From where I sit... by Joe Marsh

What Made Our Invasion a Success?

With 57 blue stars on our Service Flag, our town's been mighty excited over the way things are progressing on the Continent.

"Shucks," says Bob Newcomb happily, "I knew we were going to lick them Nazis, soon as the Invasion started."

"I knew it before that," says Doc Hollister. "I knew it from the way our boys were getting along with their British buddies in those English camps. They had a lot of differences to overcome before they could work together as a team. And they overcame 'em."

From where I sit, Doc's mighty right. The success of our Invasion began months ago—when the English Tommies and the GI Joes got together over friendly beer, and games of darts—and learned to like each other in spite of differences in tastes and habits.

And that spirit of tolerance and understanding between men and nations will go far towards building a secure Peace, too.
