

SOCIAL NOTES

Tea For Marvel Skeels

Mrs. M. O. Hawkins gave a tea last Thursday afternoon at her home on Spurgeon Hill for Marvel Skeels, who is a summer visitor in Coquille. After several weeks visiting her mother, Mrs. Birdie Skeels, she plans to return to her home in New York about the middle of September.

Receiving with Mrs. Hawkins Thursday besides the guest of honor, was Mrs. Birdie Skeels. The rooms were in candlelight, attractive with the use of many arrangements of beautiful roses from the Hawkins rose garden.

Tea was served from a handsomely appointed table in the dining room. Pouring the first hour were Mesdames O. C. Sanford and R. A. Wernich, during the second hour, Mesdames George Chaney and Guy Mauney. Assisting were Mesdames F. L. Greenough, Lloyd Rosa and Jane Williams.

Lafalot Club

Members of the Lafalot Club met last Thursday at the home of Mrs. Cora Mackey. Attending were Mesdames Bertha Cross, Huldah Ellingson, her two grandchildren, Sandra and Larry Kribs, Elsie Wheaton, Rose Marie Martin, Lola Meyers. Refreshments were served.

Roy Mothers' Club

The Roy Mothers club met last Tuesday at the home of Mrs. Florence Cameron. Plans were discussed for a potluck picnic on the opening day of school, Sept. 5. Also discussed was the project already underway for a service men's flag to be hung in the school. The program prize was won by Edna Rakestraw and hostess prize by Frances Deltelsen. The next meeting in two weeks will be with Mrs. Earl Cross. Attending were Mesdames Frances Deltelsen, Huldah Ellingson, June Green, Clara Krantz, Cora Mackey, Edna Rakestraw, Lottie Aber, Muriel Anderson and Irene Dalaker.

Neighborhood Bridge Club

Mrs. Fred Jensen arrived here for a visit during the past week from Astoria. Having been a former member of the Neighborhood Bridge Club, she was guest of honor on Tuesday evening when Mrs. J. D. Gillespie entertained the group at bridge. Mrs. Harold Stromquist won high score. Mrs. Jensen was presented with a gift from the hostess. There were 7:30 dessert served. Attending were

400 Tons Of Coal Daily Is Anticipated

Plans are now well under way for the installation of machinery and equipment at the Southport mine of the Coast Fuel corporation, which will raise its output to more than 400 tons of good quality coal a day. T. O. Toon, the corporation president, told the Coos Bay Times this week. The mine is located five miles south of Marshfield.

Details of the plans were explained to a large group of Marshfield civic leaders last week by Mr. Toon and Jack Isgrig, superintendent of the mine, during a tour of the properties. Construction of two facilities—a road to a second mine opening and the extension of power lines to the mine—are progressing rapidly, members of the four party learned.

A new road from the original mine opening to the new one about a mile away is being built by the federal public roads administration at a cost of \$23,000. The funds were supplied by the War Production board, which is seeking to increase the coal output here.

Plans for the new bunkers, gigs and washery were shown to the group by Isgrig. He also explained his plans for mining and handling the coal for shipment.

Superior coal can be produced from the mine by using a modern coal-cutting machine that eliminates the use of explosives to loosen the coal. Shooting down the coal with powder results in fracturing the coal so that it crumbles easily.

The new machines undercut the coal and cause it to drop on the conveyors for delivery to the coal cars. Coal produced in this way will be of good quality, Isgrig explained.

Past Noble Grands To Meet At Beyers' Home Sept. 1

The Past Noble Grands of Mamie Rebekah lodge will meet at the home of Mrs. Ruth Beyers this Friday, Sept. 1. Each member is to bring a light lunch for one, to be exchanged at the meeting. Each member will also bring one or more "White Elephants" for auction at the meeting.

Mesdames Jensen, Irving Larson, Harold Stromquist, Julius Rubie, Fred Hudson, Geo. Johnson and Kenneth Lawrence.

See "Spike" Lealle for the best in Liability, or other Insurance. Office, 275 So. Hall, in former hospital bldg.; phone 5; residence phone 95L.

"Save Paper" Drive In Progress Here

(Continued from Page One) fronts are fully as important as producing the supplies themselves. Clothing, equipment, and food are useless if the packages carrying them fail to protect them in transit. Every piece of equipment has to be individually wrapped in waterproof paper, usually in triple layers. Smoke and explosive shells for 4.2 inch chemical mortars are individually wrapped and then placed in boxes with waterproof liners.

It takes 25 tons of blueprint paper to make a plan for a battleship. Each Signal Corps radio set takes seven pounds of kraft paper, three pounds of book paper. Seven hundred thousand different kinds of items are shipped to the Army—and they're paper-wrapped or boxed. More than 8,000 tons of paper are consumed every year by the Chemical Warfare Service for waterproofing overseas equipment. The entire output of one paper mill is not enough to keep up with the demands of storage depots alone.

Strictest Economy Needed

According to the War Production Board, retailers of the country will have less than half of their usual supply of wrapping paper and paper bags. The strictest possible economy in the use of these items is necessary if all types of goods, including food, are to be moved into the hands of civilian users. One new bag or piece of wrapping paper must do the work of three or four available before this country went to war. Unless wrapping supplies are extended to the limit, many stores will be completely out of bags and paper for indefinite periods.

Customers Can Help

Food store customers can help their grocers by:

1. Bringing their own shopping baskets or bags, or reusing their OWN paper bags.
2. By not demanding that articles already wrapped be packaged a second time.
3. By accepting several items that can be safely packed together in one bag instead of several bags, such as fruit or vegetables.

Salvage Must Continue

The best way for both retailer and consumer to get more paper bags and wrapping is, of course, to collect more waste paper. Late in May, 1943, when waste paper inventories took a sharp drop, the Salvage Division of WPB organized its second campaign to collect waste paper, emphasizing the need for brown waste paper and old brown paper bags. In early July, the paper situation became so critical that the drive widened to make collections of all types of waste paper. Paper salvage went from 499,000 tons in September, 1943, to 533,000 tons in January, 1944. The goal was then set at 667,000 tons per month of 8,000,000 tons a year.

Renewal Of "A" Rations To Be Handled By Mail

A streamlined plan for handling renewal of "A" gasoline rations by mail has been announced by McDaniel Brown, district director, Office of Price Administrator. Present "A" ration expire on September 21. Motorists can obtain their renewal forms at local service stations and garages, except for workers in industries which have plant transportation committees. They will get their forms from the committees and return them to the committees instead of to the local OPA boards, Brown explained.

All other motorists should get their renewal blanks now, fill them out properly and mail the form to their own local OPA board accompanied by the signed back cover of the present "A" book, and the tire inspection record. If the back cover has been lost or destroyed, the applicant must be able to prove to the satisfaction of the board that the car is actually in use and that no other application has been made for a basic "A" ration.

Applicants temporarily away from their permanent residence may apply at any local board but are urged to mail the renewal blanks to their home boards instead so their records will be complete.

Do not telephone or call in person at local boards, Brown requested, as no "A" books will be handed out over the counter. Applications will be acted on promptly in the order received so new coupons can be mailed to each applicant before the September 22 validity date.

Alarm Clocks repaired at Schroeder's Jewelry. Men's Wedding Rings in stock.

Electric Fence Units, \$14.75 and up. Will work on 110-volt line, or hot shot battery, or automobile battery. Also Hot-Shot Batteries for sale. Geo. F. Burr Motor, 1814

If it is insurance, see me.—F. R. Bull.

FACTORY METHOD RECAPPING

All our recapping work is done by men trained in the approved factory method... the method that assures you of more miles per dollar.

Repairs made on cuts and bruises to keep you rolling.

New tires for eligible drivers from our ample stock of B. F. Goodrich Silvertowns on sale at recently reduced prices. We fill out and handle applications for these tires. We also give complete tire advice. So bring say and all your tire worries to us... and drive away with them forgotten.

NOW IN STOCK **B.F. Goodrich SILVERTOWNS**

SAFEWAY Homemakers' Guide
Food suggestions for the long week-end
Good food can make this week-end refreshing! Plan for it now—buy it early (at Safeway!)—and enjoy it! Here are some sample suggestions. Incidentally, they'll save you money!

EDWARDS Vacuum Special 25c
VELVETA CHEESE 1/2 lb 19c
Kraft's (6 pts.)
POTATO CHIPS, Kitchen Cook'd 2 1/2 oz. 15c
FORK & BEANS Pentine (15 pts) 2—26 oz 25c
HONEY, B-Z-B Wild Blossom, lb. jar 31c
PEANUT BUTTER, Beverly, 2 lb. jar 45c
MUSTARD, French's, 9 oz. jar 13c
SALAD DRESSING, Duchess, qt. jar 35c

SAFEWAY PRODUCE
Good meal the week
PEACHES Elbertas - 31 lb. pear box \$1.98
" " - 38 lb. apple box 2.39
" " - Flats - 1.39
" Hale - 31 lb. pear box 2.59
" " - 38 lb. apple box 2.98
" " - Flats - 1.59
PRUNES 28 lb. box - \$1.69
PEARS 20 lb. box - 1.59
TOMATOES Flats - 98c

Meal planning for the long week-end
WEDNESDAY'S Last "long week-end" of the year! And whether you spend all of it at home or enjoy a family picnic out-of-doors, one thing is certain: meals will have to be prepared.
Perhaps these menu suggestions will be helpful:
Saturday's Lunch-Breakfast—Big wedge of honeydew melon—Plain omelet with jelly—Fried luncheon meat—Toasted muffins—Coffee.
Saturday's Dinner—Generous servings of home-baked beans (cooked Friday; reheated)—Cole slaw with raisins—Crusty French rolls or bread—Apple butter—Chilled grapefruit.
Sunday's Late Breakfast—Tall glasses of chilled orange juice—Hot cakes with syrup or jam—Bacon and fried eggs on the side—Coffee.
Sunday's Dinner—Cold fried chicken (Cook Saturday)—Potato chips—Big bowl of tossed vegetable salad with favorite dressing—Hot biscuits or rolls made from prepared mix—Peaches with cream (or shortcake)—Coffee or iced tea.
Monday's Brunch—Chilled fresh fruit or fruit juice—Scrambled eggs with bacon—Raw fried potatoes—Cinnamon rolls or butterhorns—Coffee.
Monday's Dinner—Cold sliced ham (baked Friday or Saturday morning)—Potatoes cooked with jackets on—Salad with pickles, tomato wedges and green onions—Coffee, tea, or carbonated beverage—Chilled watermelon.

B Grade	33c lb.	0

SAVE FAT IN THE GARDEN

Mrs. Roy F. Hendrickson, wife of the deputy director of UNRRA, and her daughters Karen, aged 8, and Ann, aged 11, save used fat conscientiously whether they cook in the kitchen or outdoors in their garden. Their out of door barbecue is built to accommodate the broiler from the kitchen stove so that fat from bacon, chops, and hamburgers can be saved instead of dripping down into the fire and being wasted. Every drop of fat that is not eaten should be turned in to the meat dealer so that it can be put to work in factories and war plants as that food fats will not have to be diverted to industrial use.

De Gaulle at Arlington

DURING HIS RECENT VISIT to the United States, Gen. Charles de Gaulle, president of the Provisional Government of the French Republic, placed a wreath on the tomb of the Unknown Soldier in historic Arlington Cemetery. Standing behind him is Gen. John T. Lewis of the U. S. Army.
