Pictures For Folder Wanted By C. of C.

The suggestion was made by Evan Alborn, chairman of the Chamber of Commerce publicity committee, at the chamber's semi-monthly session in the Coffee Shop Tuesday noon, that there are probably hundreds of private pictures taken in Coquille and along the coast of southwestern Oregon which would be most desirable for inclusion in the Coquille booklet which the committee hopes to have ready for printing before long.

A payment of \$1.00 will be made for each picture used in the folder and anyone who has suitable pictures along the lines mentioned below is requested to turn them in to the ecretary, Hode Caughell, at the city hall. All such pictures contributed will be returned if a request for it is made when they are submitted to Mr. Caughell.

The list of pictures desired is included under the six following heads: Farming Pictures-Dairying, Stock Cattle, Horses, Sheep, Poultry Flocks, Modern Farm Homes, Fields or Cranerry Bogs.

Sports and Recreation-Boat Fishing, Fly Fishing. Deep Sea Fishing. Good Catches of Fish, Deer, Elk, Rivers and Streams, Golf Course, Tennis Courts, etc.

Memorial For Local Boys In U.S. Armed Service Is Suggested

With Mayor Wood and four councilmen present, the city dads met for the first of the month session Tues day evening. Monday being a holiday.

In connection with the complaints received by city officials of people who have been hauling their own garbage up to the dump grounds east of town and finding it locked have dumped their garbage along the side of the road, where it could easily become a menace to health. Mayor Wood asked that it be stated that there is no charge for private parties dumping their loads within the city's enclosure, but in order to keep the grounds in as clean and orderly a condition as possible that the Benham Transfer, which has the city's contract for garbage hauling, will tell all applicants for the gate key just where the loads should be dropped. It is all part of the sanitary effort to prevent a possible epidemic but no one has to pay for the privilege, just get and return the key to Benham's and observe the suggestions for depositing the load.

Offers of Memorial monuments. with name plates of Coquille boys who are in Uncle Sam's service, by the manufacturers, were turned over to Councilman Gray to take up with the American Legion and other civic bodies the need for something of this kind. Hundreds of cities in the country are installing such memorials.

It was hoped that one of the orranizations would take the lead in the movement to secure such a Memorial and it was stated the city would bear a portion of the expense.

On condition that their rooms for operating, and equipment, are ap-proved by the fire chief and building inspector, restaurant licens were granted Ethel Lester for the White Spot on Front street, and to George Pankey, next to the former Donsted pool hall. Other minor matters were dis

by the councilmen who adjourned before nine o'clock.
