

Orville Wood and Lloyd Claver Named Oregon Co-Chairmen 6th War Loan Drive

Of interest to Coquille theatre-goers is the announcement that Mr. Orville Wood and Mr. Lloyd Claver, local operators of the Roxy and Liberty Theatres, have this week been named two of the State Co-Chairmen of the War Activities Committee's Sixth War Loan Drive for Oregon.

The War Activities Committee is a national organization to which every theatre owner and manager in the United States—some 18,000—is a member. Their functions are to promote any and all activities, which further the ending of the war. Both Mr. Wood and Mr. Claver are mem-

bers of long-standing and have contributed much to the success of the organization.

The independent theatre owners of the nation have been asked to spearhead the Sixth War Loan Drive, which starts November 20. The independent theatre owners and managers of the State of Oregon are, therefore, playing an important part in the forthcoming drive and are planning many state-wide functions, including night bond premieres, a free movie day and children's War Bond matinees.

Daniel Boone and a friend from Roseburg came near having a bad accident Friday evening when their car left the road at the south end of the bridge just below the L. E. Teeters place and went over the river bank, stopping with the radiator almost in the river and luckily for them, the car didn't summersault into the river. A wrecker was called and after pulling it into the road only minor damage to the car was found. They had come to the J. A. Deadmond place to hunt. A few minutes after they had gone over the bank, Jack Nicklaus was going down the road, stopping well below the accident. Mr. Nicklaus found that it was driven by a boy from Charleston.
