Mr. Martin has secured the services of his sister-in-law, Mrs. Maude St. Dennis, formerly the postmistress at Lakeside for many years, to assist him in the post office and about the store. The American Red Cross drive is on this week and, due to the urgent need of these funds by our boys overseas, our district and community are doing their share in contributing for this worthy cause. Mrs. C. M. Hartwell is in charge of the drive here but, due to some unexpected developments at the last moment, was unable to go out. Mrs. Alton McCue kindly consented to make the drive on the North Bank road for her and Mrs. Conard Borgard will cover the territory on the Coquille-Bandon highway.

A special school meeting was held at the school house here last Wednesday to decide if our high school students would be sent to Coquille and Bandon next school term, as they have been during this year. The

result of the vote taken showed that 65 were in favor of sending the students away, against 19 who voted to operate the high school here. So we will continue for another year anyway, as we are doing at present. The official counting board elected to conduct this meeting was composed of Mesdames Lester Clausen, Adolph Mollhu, Robert Smith, Ellis Holbrook and Conard Borgard.

Mrs. Harold Ridings, from Molalla, came in Monday and visited with her father, Wesley A. Bean, until her departure on Pacific Greyhound bus Friday morning.
