**Shower Friday Evening For Mrs. Ted Schanz**

Mrs. Ted Schanz, who expects to leave soon to be with her husband at his station with the Navy in Florida, was honored with a stork shower Friday evening at the home of Colleen Ireland. The clever table arrangement featured a stork about to deposit a doll in a tiny pink-and-blue basket, Bavarian cream and orange cake were served.

Guests were the Mesdames Wm. Stumpf, Oscar Larson, Ed Holden, Johnny Courtright, S. H. Donsted, Clair Wilson, Jack Hultin and Miss Betty Lou Donsted. Among the many who sent gifts were Mesdames E. A. Walker and daughter, Rhea; Bruce Lattin, Ernestine Batty, Walter Lake, Harvey Minard, Ann Lynn, Dorothy Fisher and Catheryne Courtright.

**Mrs. Fugelson Was In A Wreck On Trip East**

Mrs. L. P. Fugelson, who left Feb. 10 on a trip to Wisconsin, returned the past week-end. She visited her two sons, Gerald, at Prentice, Wis., and Ted, at Ladysmith. At Prentice Mrs. Fugelson looked after her son's two children while their mother was in the hospital following the arrival of a new baby girl. Two of Mrs. Fugelson's brothers came to visit her from other locations in the state.

Though none the worse for the experience herself, Mrs. Fugelson had quite a lot of excitement when her train just out of St. Paul on the way to Ladysmith ran into, side of the Omaha train at Turtle Lake, Wis., and piled up at that station, killing the fireman and seriously injuring the engineer. The latter will recover, she said. The station itself was demolished.

Mrs. Fugelson stated that the trains on which she traveled in both directions were not crowded nor were the stations. During one way of travel two whole sections were vacant she stated.

When she got to Portland it had been her plan to go on to Tacoma to visit her daughter, Blanche, before returning home but on the telephone she learned from her that Mr. Fugelson was ill and so she came immediately to Coquille. Mrs. Fugelson said there had been more snow in the middle west than in many years and before she left a warm rain melted it all away, which in case of a freeze would be disastrous to the farmers.

Miss Jean Lampman, who for eight months has been with her aunt, Lucy Jacobs of Bandon, traveled to and from Ladysmith with Mrs. Fugelson to visit her parents who reside there.

**Three-Year Old Ann Mauney Has A Birthday Party**

A charming little hostess on Monday, April 2, was golden-haired, blue-eyed Ann, daughter of Mr. and Mrs. Guy Mauney, who celebrated her third birthday with a dress of wool challis in pink rosebud print with velvet sash of matching deep pink. The dress is especially mentioned because in her grandmother's day every little girl who could had a party dress of the same exquisite material.

When the big doors into the dining room were opened, the children saw a table to delight their small hearts. At the far end was a choice group, a large stuffed Peter Rabbit, with a very large yellow chicken at either of his elbows and in front of them was a big green nest full of colored eggs and beside it a grouping of pottery lambs. At each place favors were cunning pottery rabbits with pink ears and big eyes, also a nest with an Easter egg with the name of the small guest. When the birthday cake was brought in, Ann lost no time in starting the birthday song in which all joined in. On the buffet was another grouping of gorgeous rabbits and rabbit dolls.

Invited were Margaret Ann Turkel, Mary Lyn Anderson, Gail Schroeder, Karen Mauney, John Walter Paulson, William Turkel, Bobbie Harbison and George Hennessey.

The Public is cordially invited to a Card Party Saturday night, April 7th given by Royal Neighbors, Place, W.O.W. Hall. Time, 8:00 o'clock. Pinochle, Bingo, Lunch, all for 50c.

The tomorrow we're thinking of is the tomorrow when war clouds disappear and the bright sunshine of peace covers our country. Just when it will come—next week, next month, next year—we don't know. But it's coming! Then our victorious boys will be back and with them many of the things we've done without because they needed them. Hamilton is still making essential navigational timepieces for ships and planes but, as soon as our people will be back in the business of making them for all America.
