Mrs. Morgan is remaining this week as a guest at the home of her son's wife, Mrs. Earl Hamilton, on the Fairview road. Mr. Morgan left again last Saturday morning, accompanying O. L. Wood and W. H. **Wood-Working Exhibit**  
Friends of the High School who are particularly interested in the Manual Arts Department will be both pleased and surprised when they see some of the fine projects the boys of that department have been working on the past year. Gone is the day when Manual Training Departments produced a lot of dinky footstools and useless book racks. Our Coquille High boys will have some very nice pieces of furniture on display at the "Open House" to be held at the High School next Wednesday evening.

It will be several weeks yet before the five councilmen can be elected, the new city's charter written and voted upon but before the summer is over all legal requirements should be complied with and Curry county lose the distinction it has had of having the only unincorporated county seat in the United States.
