11.42 Car Was Badly Wrecked---Four Passengers Unhurt

While the car was pretty badly last Friday night or early Saturday morning when it left the highway at the Fat Elk bridge. Just what caused the car to continue curving after it reach the straight stretch could not be learned but it sheared off a highway post and was pre-vented from going into the ditch by brush there. Two Coast Guardsmen and two young ladies were rid-ing in it at the time.

The car was brought to the shop here by the Southwestern Motors

Dick Newcomb

Bob Newcomb used to be the best fly caster in the county. Never missed a Saturday at Se-ward's Creek. But come the war, and Bob's son going off in uni-form, he just lost interest in things like fishing.

But the other day Bob got a letter from the South Pacific . . . kind of a homesick letter: "I'm thinking of you, Dad, fish-ing in Seward's Creek; cooking trout over an open fire; and keeping the beer cool in the stream. Keep an extra bottle

the small pleasures, they re-member-keep them alive till they come home to share them.

So Bob spent his next day off exactly as Dick dreamed of his doing-fished Seward's Creek

again, and cooked the trout, and kept the beer cool in the stream. And you knew he was doing it for Dick.

From where I sit, it's what the men overseas would have us do -keep alive the little customs,

Give'em the 1-2

1-KEEP ON THE JOB -to help rebuild docks at Shanghai, Singapore, TOKYO!

2-BUY AND KEEP WAR BONDS-A winner never quits; a quitter never wins!

IT'S TWO DOWN-AND ONE TO GO! You men and women of the woods and mills have helped span the Atlantic and the Rhine so our troops could get at the heart of Germany. You are right in the middle of the job of spanning the Pacific to give them access to Japan. Keep it up! Your job is as important as ever before!

WHAT ABOUT YOUR FUTURE? Keep this in mind: Stocks in nearly every lumber yard in America are depleted because all wood has gone to war. Millions are planning new homes when war is finally over. Europe will need lumber to rebuild. In other words, your work with wood products is permanent . . . it's work with a future . . . the future of free America! So stay on the job - for your country, and for your own and your family's security!
