

Letter From Cpl. Lorin Schroeder In Hawaii

Following is a letter the Sentinel is permitted to print which Corp. Lorin C. Schroeder wrote to his parents here, Mr. and Mrs. W. H. Schroeder, from the Hawaiian Islands where he was temporarily stationed when he wrote on June 30:

Have arrived safely on the Island of Oahu. The trip over was very uneventful and rather boring. Was glad to get on land again.

Have been in Honolulu twice now to see the sights of this famed resort. Yesterday walked around the business section and the government grounds. Was a little disappointed in the appearance of most of the buildings. There are about ten curio shops to one of the other businesses. The government grounds and buildings are very pretty.

Today I visited the campus of the University of Hawaii. It is very beautiful. It has a small campus compared to U. of O. and O. S. C. but I believe more beautiful. Their amphitheater and garden is really something to see. After seeing the campus I went to the famous Waikiki Beach, which has nothing on some of the beaches of Oregon, with the exception of warm water and climate. The Royal Hawaiian Hotel, though, is really marvelous.

Tomorrow I plan to take a trip around the island, which will probably be the last time I will have a chance to see it. I don't know how long I will be here but I know it won't be many days now. From here I don't know where I will go next but the officers don't stay here very long. Give my regards to all the folks. Will write again as soon as I can.

"Buddy" Kyle Weds Baltimore Young Lady In New York

Mrs. A. A. Kyle has informed the Sentinel of the marriage of her son, MM1/c Howard (Buddy) Kyle, to Betty Lou Smith, of Baltimore, Maryland, at a beautiful candle-light service on the evening of June 28, in New York. MM1/c Kyle is stationed on a Troop Transport that docks in New York for short periods of time. He was on a five-day leave when he was married and the young couple attended a reception in their honor in the home of the bride's parents in Baltimore. He called his mother before returning to his ship. Mrs. Kyle states that her son has been in the east for about six years.

Gordon Neil, Lawrence Hatcher Miles Hartwell Home Both Home On Furlough

Happily breezing about town together this week were Gordon Neil and Lawrence Hatcher, both of whom are on furlough from the Army. Both young men have spent most of their lives in Coquille. Gordon Neil arrived Wednesday, July 11, from Camp Bea, Marysville, California, where he is stationed after thirty-one months' overseas service. He shall have been in the Army five years this fall. His furlough is for just fifteen days, since he is classed as essential, even though he has enough points for a discharge. Of especial interest is the fact that Neil was the driver for the Russian delegation at the San Francisco Peace Conference and, for a while, was the driver for the Haitian delegation. He was very favorably impressed by the representatives from all the foreign countries but marked the sincere friendliness and generosity of the Russians.

Lawrence Hatcher reached here the evening of July 5 and will report back to Santa Ana, August 5. He has spent eight months in England and has seen service in France but assures his friends that the West Coast has everything. He found friendly people and fine climate about the world but is sure that the folks at home enjoy all the things the others do and much more, too.

B. Bishop Attending Advanced Twin Engine Flying School

Pfc. Bruce Bishop, of Portland, has been assigned to the Advanced Twin Engine Flying School at the Douglas Army Air Field in Arizona, where he will be affiliated with DAAF's newspaper, "Flight Pattern." Working in the Public Relations Office, Pvt. Bishop, a graduate of Flexible Gunnery School at Las Vegas Army Air Field, Nevada, is now awaiting further assignment to B-29 gunnery.

Bishop, whose parents, Mr. and Mrs. W. R. Bishop, reside in Portland, worked in civilian life as a logger and as a reporter for the Coquille Valley Sentinel. Completing his high school work at Coquille High school, Oregon, in 1942, he entered the army a few months later.

A recent telephone call from New York informed Lucille Capps that her husband, Curtis, had reached the States after a year in France and England. Petty Officer 3/c Capps will spend some time in Florida but expects to be home for a thirty-day leave about the first of August.

Miles Hartwell Home On Ten-Day Leave

Miles M. Hartwell, MoMM2/c, USNR, and wife are visiting friends and relatives here in the valley this week. Mr. Hartwell has been in the Office of Transportation at the Naval Air Base in Klamath Falls for little over a year and his wife has been one of the secretaries in one of the offices there since April 1.

For some time Mr. Hartwell has been expecting his orders to be shipped out into the Pacific somewhere. Instead he was transferred to the office of Shore Patrol right in Klamath Falls, just before he received his ten-day leave to come over here. He and his wife will return to the Falls next Saturday. They are spending the greater part of their vacation at Riverton, where Mr. Hartwell's mother resides and at Myrtle Point at the home of Mr. and Mrs. Stanley Evans, parents of Mrs. Hartwell.

Leonard Homenyk Home From Active Service In The Pacific

A young service man with an interesting story to tell is seventeen-year-old Leonard Homenyk, who has just earned the rating of Si/c. He was on the U.S.S. Atta when she battled her way through the terrific typhoon which has been discussed so much of late. His ship was so badly damaged she made port at San Diego for repairs. Si/c Homenyk declared the typhoon was much more fearful than the Japs. He is visiting his parents and sister, Mrs. Carill. Another sister, Margaret Homenyk, was here over the weekend to see her brother. Homenyk left today for San Diego, to report back to the carrier on which he has

crossed the sea four times in his year of service.

Earl Dalrymple Writes Of Life In Germany Since War's End

Walter V. Doolittle, of Coquille, received a letter from Pfc. Earl Dalrymple last Thursday. He did not give the name of the city where he was in Germany but said that he was 50 miles south of Coblenz and that it was the richest and most fertile country he had ever seen, with lots of pretty flowers, nice gardens and lots of fruit. He stated that the cherries were ripe and that they had lots of beer; picture shows nearly every night and they were free to roam the town when not on duty. He said they were billeted in private homes.

He wanted to be remembered to his many friends here and to his brother members of the A. F. of L. union. He wished the war was as near over in the Pacific as it was in Germany.
