The Treasury Department Going After Tax Evaders

J. W. Maloney, Collector of Internal Revenue, for the Oregon district, announced today that 25 employees will be added to the internal revenue staff in this district to assist the Treasury Department's current drive against wartime tax evaders.

Primarily, the positions will be allotted to persons having experience in business, accounting, legal, and investigation work which fit them for employment as deputy collectors, revenue agents, and special agents. A limited number of clerical positions must be filled. Salaries for the positions range from \$1704 plus overtime for clericals to \$3186 plus overtime for technical and administrative positions.

The efforts of these additional employees, together with the intensified effort of existing staffs, are expected, according to the recent Secretary of the Treasury, Henry Morgenthau, Jr., to collect at least a billion dollars of additional revenue from tax chiselers all over the country.

Altogether this effort to force black marketeers and other tax evaders to pay their fair share of the war cost, will require the addition of more than 10,000 qualified employees to the Internal Revenue Service throughout the United States. This goal has been endorsed by President Truman, congressional committees, and many public-spirited associations such as the leading veterans and labor organizations.

The drive is nationwide in scope but Mr. Maloney said numerous "leads" have been received in this district and will be investigated as thoroughly and rapidly as possible. These "leads" are expected to result in substantial additional taxes and penalties. In those cases where intentional fraud is indicated, criminal prosecution also will be recommended.

The entire staff of the Collector in Oregon is organized for vigorous investigation of every clue to possible tax frauds. The intensified drive in this area already is underway and will be expanded as personnel can be added and trained.

Application for employment may be made either at the office of the Collector at Portland, Oregon, or to the regional office of the Civil Service Commission, Portland, Oregon.

Some 17,000 farm dwellers are killed in accidents yearly in this country. That is equal to wiping out the entire populations of Astoria and Bend.

The home located at 592 Carter avenue and owned by Mr. and Mrs. W. F. Clayton was sold by George E. Oerding, a Coquille realtor, to Mr. and Mrs. Charles E. Wilbur, of Roseburg, who have taken possession of their newly purchased home and stated they liked our town very much.

False Accusations Never Benefit Anyone

The following is a reprint of a letter the Sentinel received this week. The name of the writer can not be divulged but it is on file in the office and we agree with the statement that anyone who makes false accusations against another, whether that one is blind or not, deserves the strongest condemnation:

"There are some mean people in Coquille and I know you could help the blind by printing in your paper just a short comment about those with sight who lie, make false accusations, and run over the blind. There should be a stop put to it, for there are laws to protect the blind. Anyone who mistreats a blind person is a dirty coward and only a human barnacle."

Belle Knife Hospital Notes

Belle Knife Hospital notes this week show that: Thursday, July 12, Norland Gant, Coquille, entered for major surgery; Friday, Mrs. Lottie Aber, Coquille, for treatment; Sunday, Roger La Flamme, Myrtle Point, medical treatment; Monday, Clarence Siebrass, surgery, Howard Taylor, major surgery, Verna Cox, toxic goiter, Gweneth Stinett, surgery, all of Coquille; Tuesday, Mrs. Bett Brewster, major surgery, Bobby Harris, tonsilectomy; Wednesday, Ronald Miller, tonsilectomy, Mrs. C. W. Upton, treatment, and E. E. Knife treatment for injured back and broken ribs received in accident at the Smith Wood plant.

Discharged were: Saturday, Frank Bowen, Bandon; Sunday, Fred Campbell, McKinley Rt., and Mrs. Charlie Pullen, Coquille. Monday, Mrs. S. E. Schrag, Powers; Wednesday, Mrs. Mary Lockwood, Riverton.

More farm people were killed by accidents in the first two years America was in the war than there were Americans killed in the war itself.
