### Howdy Folks:

There has been a lot said about the danger of high speed driving on old tires but apparently not enough yet, from the number of wrecks there are.

Let's all stay below 50 M. P. H. and make the highway safer for all.

Remember fast driving seldom saves time.

### Mrs. Bosserman Entertains Past B. F. W. Presidents

The Past Presidents of the Coquille Business and Professional Women's club enjoyed the hospitality of Clara Bosserman at her home on Sept. 6. A delicious eight o'clock dessert luncheon was served at the dining table made especially attractive with lace cloth, white tapers and beautiful home-grown asters in many colors.

Ruth Beyers, president of the club, stated that inasmuch as past presidents of the Coquille Business and Professional Women's Club have charge of the twentieth anniversary dinner to be given in the month of October, plans should materialize soon.

Discussion followed as to place and menu of the dinner, decorations, guests and program.

Present were: Ruth Beyers, Inez Chase, Bertha Smith, Georgia Richmond, Clara Bosserman, Ida Oerding, Florence Hallock and Eva Stevens.

A cordial invitation was extended by Florence Hallock to meet with her on the first Thursday in October.

### People Are Nice

My car has been in the hospital with a serious ailment. The inconvenience—to say nothing of the expense—is an annoyance; but, most of all, I miss the drive into town every morning and into the country at night. Monotony bores me. Life is so full of different things to do that it seems dull repetition is a waste of time. We have so little time allotted to us that we need to do a variety of things each day to get the greatest possible number of experiences. It is something like walking under a grape arbor in the harvest season and finding grapes on all sides. You hardly know which fruit to pick first. If course that sounds jumbled but it illustrates the reason I like to live in the country on a farm and work in town—especially my kind of work. It is such fun to live, we should accept each experience that comes our way as though it were a gift. I have some interesting experiences that would never have come my way if the car hadn't developed arthritis of the spine—or something.

There is occasion to talk with ever so many people of all types in my line of work and in pursuing my hobby of character study. Very often I hear, "Nothing ever happens to me. Usually it is spoken in a wistful key. My dear, what are you waiting for—a cyclone? If you are, journey to the places where cyclones are abundant. If not, do open your eyes to see the galaxy of things where you are. What would you like to have happen to you? Dream about it a while. Day dreaming is the easily accessible method of transportation to the land of our hearts desire. Relax and dream, then set out to make your dream come true. Very seldom, indeed, does a dream come true in a burst of bright bubbles around you as you sit and wait.

You would miss all the fun of blowing the bubbles and watching them take form. Dreams, like bubbles, are beautifully fragile, but if the proper ingredients go into their making and the surface on which they land is carefully chosen, they will remain to sparkle for your pleasure. Maybe you had not realized that the materials for making your dreams come true are around you, close. Step out and start gathering them!

Have you ever thought what it will be like when we stand inside the Pearly Gates and look back? It would be pretty disappointing to see our possibilities had wasted away waiting to be recognized. Remember, the way we live our lives is our prayer for the way we want them to be. Hmmm. Sometimes my prayers are terrifically cookeyed! How about yours!

As ever, Pat.

### Coquille Extension Unit Met Last Friday

The chairman, Mrs. George Ransom, of the Coquille Extension Unit, called a special business meeting last Friday, which was held in the court house, when several committees and project leaders for future meetings were appointed. ### Coquille Farr & Elwood Employees Win From Coos Bay

Employees of the Coquille store of Farr & Elwood Co. were entertained with a beach picnic by the employees of the Coos Bay store Sunday, Sept. 9, at Arago Head.

The picnic was the outcome of a sales contest between the employees of the two stores, the Coquille employees having won the contest the first six months of 1945.

The picnickers made great inroads on a groaning table of fried chicken (raised on Sperry feeds no doubt), salads, ice cream, cakes and accessories. The afternoon was spent in beach sports and topped off with another sortie at the chicken.

All enjoyed the outstandingly beautiful weather and the Coquillites all agreed that, though the Coos Bay gang were poor salesmen, having been handily beaten in the contest, they were excellent cooks and providers.

Those present from Coquille were: Mr. and Mrs. Stanley Fitzgerald, Mr. and Mrs. John Boots, Mr. and Mrs. Earl Duncan and Lois, Mr. and Mrs. Clifford Kehn and Frances Anne, Mrs. Curtis, Wornstaff and Willey, Mrs. Nellie Prey, Mr. and Mrs. Don Farr and David and Paul. From Coos Bay were: Mr. and Mrs. L. H. Marvin, Mr. and Mrs. Ralph Newton, Mr. and Mrs. Bill Oxenrider, Mr. and Mrs. Eldwin Watts, Mrs. Gladys Lapham, Miss Shirley Stricklan, Mrs. Lelia Holley, Mr. and Mrs. C. C. Farr.

### Annual Baptist Sunday School Picnic At Norway Sept. 16

The annual Baptist Sunday School picnic will be held at Norway grove this coming Sunday. Cars will leave the church at 12 noon for basket dinner there and people are asked to bring enough for supper, too. Free ice cream will be provided. Games and sports are planned for the afternoon. There will be a service around the campfire in the early evening and, therefore, none at the church.

Everyone interested is welcome and especially the parents are invited to bring their children who are members of the Sunday School.

### Coquille B. & F. W. At Agate Beach For District Conference

Sixteen Business and Professional Club women attended the District Convention at Agate Beach Inn last Saturday and Sunday, Sept. 8 and 9. Coquille had the largest attendance of any club represented.

Florence Barton, president of the local club, gave a talk on Public Affairs. Florence Hallock led all the singing. Kathleen Miller, first vice president, talked on "Health" and "Publications" by Bethel Smith, was followed by a round table discussion, led by Natalie Burns.

The following from Coquille attended: Florence Barton, Leona Bryant, Laura Brandon, Lela Elrod, Jennie Price, Ida Oerding, Bertha

Smith, Marie Clinton, Emma Pierce, Mabel Johnson, Hattie Lee Holimon, Bess Maury, Viola Newton, Florence Hallock, Annie Robinson and Myrtle DeLong.

### Jack Terrell Married In Southern Calif., August 14

Mrs. A. R. Terrell, formerly of this city, sends the Sentinel an announcement from Portland of the marriage of their son, Jack L., now in the Navy, which occurred at the Baptist church in Lynwood, Calif., on August 14. His bride was Miss Dorothy Aloes, of Lynwood. After the first of the year they will reside in their home at 5103 N. E. 66th avenue, in Portland.
