Information For Those Contemplating Army Enlistment

The following information has been received at the Oregon District, Military Personnel Procurement Service, and is quoted for information of any one desiring to enlist in the Army:

Armed Forces voluntary recruitment act of 1945 has been passed. Pending publication of changes now in process to current regulations the following advantages of the law are furnished in order that immediate emphasis may be placed on them in the recruiting effort: Original enlistments and re-enlistments may be made in the Regular Army for periods of age provided no person under 18 years of age may be enlisted without written consent of his parents or guardians and further any qualified and acceptable member of the AUS or component thereof who has performed active service therein of not less than six months shall upon his own application be accepted for an enlistment period of one year plus the period of any furlough granted at the beginning of such enlistment. No person who is serving under an enlistment contracted on or after June 1, 1945, shall be entitled, before the expiration of the period of such enlistment, to enlist for a period which will expire before the expiration of the enlistment period for which he is serving. Any person who enlists or reenlists in grade seven, upon the completion of six months of active service, shall, unless sooner promoted, be promoted to the sixth grade provided he is otherwise qualified. Any enlisted man of the Regular Army who has completed not less than 20 or more than 29 years of active service may upon his own request be transferred to the enlisted reserve corps (to remain a member thereof until his membership in ERC equals thirty years) and at the same time be retired from Regular Army with annual pay equal to 2 1/2 percent of the average annual enlisted pay, including longevity pay he was receiving for the six months immediately preceding his retirement multiplied by a sum equal to the sum of the number of active service performed not in excess of 29 years. All active federal military service performed in the Army of the United States, the Navy, the Marine Corps or the Coast Guard or any component thereof counts toward retirement. Fractional part of a year amounting to six months or more counts as a completed year.

Men honorably discharged and enlisted within 20 days of discharge will be enlisted in the highest grade, permanent or temporary, held by him at time of such discharge, provided reenlistment is made prior to Feb. 1, 1946. Men discharged under the Point System since May 12, 1945, and prior to receipt of this announcement (6 Oct. 1945). Men who have enlisted in the Regular Army on and after June 11, 1945, in grades lower than those provided for in this announcement will be immediately promoted to the higher grade held at time of discharge. Reenlistment furlough will be granted to those with not less than six months' service provided they reenlist within 20 days of discharge and the length of the furlough will be computed on the basis of 30 days for each completed year's service not to exceed a total of 90 days furlough. Every person granted a reenlistment furlough will be paid in advance at his option at the time such furlough becomes effective a furlough travel allowance at the rate of five cents a mile for the distance from the place he is stationed, when furlough becomes effective, to his home or such other place where members of his immediate family are residing and

back to the place he is ordered to report for duty. In computing this travel pay the distance travelled by sea and amount of any travel allowance previously paid to the individual upon discharge will be excluded. Mustering out payments are now authorized for all enlisted men discharged for immediate reenlistment. Reenlistment allowance payable for persons enlisted or reenlisted within 90 days of discharge on or after June 1, 1945, is \$50 for each year of completed service and in computing the service all continuous active federal service in the AUS or component thereof whether in enlisted, commissioned or warrant grades, will if honorably performed subsequent to the payment at the last previous enlistment allowance be credited. Service will be considered continuous when not interrupted at any one time for over ninety days.

The dependent or dependents of any enlisted man may receive a monthly Family Allowance during the existence of any war declared by congress plus six months and also during a period of enlistment or reenlistment contracted by such enlisted man prior to July 1, 1946, consequently the longer the term of enlistment the longer the Family Allowance can be paid.

The GI Bill of Rights is extended to any one who enlists or reenlists within one year after the passage of the Act and is extended to cover the individual's first period of enlistment or reenlistment. Free mail privilege is extended to December 30, 1947.

Four Cases Filed in Justice Bull's Court Friday
Since Justice of the Peace Fred Bull is out of town, four cases have been filed pending his return. The following charges were made Tuesday, October 1: Richard Glenn Rice, no tail light on his automobile; Helen Louise Hamilton; no operator's license; Farley Gerald Minor, no tail light; Loren David Hinds, permitting an unlicensed minor to operate a motor vehicle.

Probate Court Items
