

J. D. Carl Named Coos County Head

J. D. Carl of Arago was re-elected at the County Convention meeting held in Coquille on Saturday, December 1, to serve as chairman of the County committee and as president of the County Agricultural conservation Ass'n for 1946. Other members of the County committee who will serve with Carl are Frank B. Rood, Jr., of North Bend, vice chairman; J. Q. Corrie of Bandon, third regular member. Alternates on the committee are Clyman Collier of Coos Bay and A. R. Davenport of Myrtle Point.

Community committeemen elected at meetings held throughout the county during the past week who will serve during 1946 are:

North Bend Community—August Witt, chairman; Ben Monson, vice chairman; Abe Green, regular member; Herman Berlage, first alternate.

Marshfield Community—Clyman C. Collier, chairman; George Rood, vice chairman; Everett Messerle, regular member; W. H. Kennedy, first alternate; Lawrence Wallace, second alternate.

Will Not Serve Communities

Having been elected to serve on that committee, County Committeemen Carl, Rood, and Corrie will not continue to serve as chairmen of their respective community committees, positions to which they were elected at the earlier meetings. Following the election of the 1946 committee, Aloha Carver was reappointed to serve as treasurer of the association and George Jenkins, county agent, to serve as secretary during 1946.

In addition to their duties in administering the 1946 Agricultural Conservation Program, members of the County committee will supervise production payments to dairymen, to sheep and lamb and beef cattle producers. They will also supervise a survey of agriculture in the county and report on conservation practices which are needed to maintain soil fertility and prevent erosion. According to an announcement from the State committee, \$75,000.00 has been tentatively allotted to Coos county to encourage conservation practices during the coming year and this amount may be increased if the survey conducted early in the year indicates a need for a larger appropriation, it was stated.

Reports on practices carried out during 1945 are now being made by producers at the county office daily and at the Coos Bay Mutual Creamery in Coos Bay every Saturday between 10:00 a. m. and 4:00 p. m. January 15, 1946, has been set as the final date for accepting these reports and all co-operators are urged to file their reports as soon as possible after the work has been completed. When calling to report on 1945 practices each operator is requested to bring with him the legal description of his farm, a map showing the arrangement and acreage of fields and receipts for seed and other materials purchased and used in connection with conservation practices.

Cornerstone Club Meeting Tuesday

The Christmas meeting of the Cornerstone club was held Tuesday evening at the home of Pat Towne. The with greens and chrysanthemums. A table center-piece featured a tiny lake, rimmed by "snow," two deer along the shore of the lake, silvered evergreens forming a background, flanked by red tapers.

Mrs. Willeta O'Dell presided over the business meeting. Thirty-one calls, one card, and one phone call had been made by the members. The president appointed the following to serve on committees for one year: Devotional Chairman, Emma Farr; Reporter, Mary Stevens; Farm Home, Ione Billings; Year Book, Loeta Marcum, Emma Farr, Gladys George and Pat Towne.

All enjoyed the well-known poem, "The Night Before Christmas," given by Ione Billings.

Kay Parrish had charge of the devotional, built around the theme, "What Christmas Means to a Christian." Using Nina Nosler's painting of Mary and the Babe, as a center of worship, the lights were turned out and the painting was framed by lighted tapers. Alda Nosler read the scripture story from Luke. Hazel Simpson gave "Silent Night." Kay Parrish read a poem on Christmas Eve, and gave a talk on the true meaning of Christmas, The Birth of a Savior, Wise Gifts, and Love. Alice Rhay led in prayer, and the closing was the group joined in humming "Silent Night."

Lodgepole Pine Valuable

Lodgepole pine stands in Oregon, now practically ignored by commercial lumber operations, may become valuable as a source of poles for telephone, telegraph and transmission lines, according to studies made by John B. Grantham, research specialist at the Oregon Forest Products laboratory at O.S.C.

Poles from lodgepole pine have greater strength than western red cedar, he reports, and has less weight than Douglas fir. All three species have about the same weight-strength ratio. Existing preservatives may be used to advantage with these poles, he adds.
