### Letter To The Editor

Sanford Heights,  
Coquille, Oregon  
Feb. 10, 1947

Editor Coquille Valley Sentinel

Dear Sir:

The proposed swimming pool for this city would be a worthwhile project, at a later date.

The inadequacy of general hospitalization in this community, should be of prime concern to everyone.

Due to overcrowding, many local patients must be discharged prematurely in order to make room for more urgent cases. Or they have the alternative of inexperienced home care, or of entering some out-of-town hospital, if they can. A situation decidedly unnecessary!

If this population can get wholeheartedly behind a fine project such as the community building, it can do the same toward erection of a large, modern hospital in which a number of doctors could officiate. This undertaking would certainly benefit everyone. Let's have the necessities before the luxuries.

Sincerely,

Ray Williams

As a part of the morning worship at the Christian Church, Mrs. Nina Nosler will draw a chalk picture. She will reproduce a picture of Kaethe Kollwitz, a famous German artist, which shows the condition of the children of the world. This is a part of the church's observance of the "Week of Compassion."
