It Was Wet Here 47 Years Ago Says Old Resident

"It was really wet here, 47 years ago," said J. B. Moomaw, a good Sentinel subscriber, who was in this week to renew his paper for another year.

"Why when I arrived in Myrtle Point in 1900 mud was axle deep on the carriage wheels, and planks were stretched across the main street every so far, so people could get out

of wagons and walk the boards to the stores."

Mr. Moomaw is a pioneer dairyman in this section and says there was never been a better country than Coos county for green grass, and says if we have a dry spell now for awhile, there will surely be rain this summer.
