HI NEIGHBOR HI!

Yes, that is just what we mean. Did you know we were setting out on a journey together? No! Well, let us explain. First, let us say we regret very much we cannot tell you over the back fence, all the things we hope to share with you. So please read this page as though we were sitting across the table enjoying a cup of coffee together. We mean everything printed here and in subsequent articles just as surely as though pledged by a husky handshake and a cheery smile.

To the host of friends we boys of our company have enjoyed in the years we have lived in Coquille, this article will not be news. They knew us before we joined hands and hearts in this little company. They have watched us and helped us enormously. They know us as well as we know ourselves. This article is primarily to those who may not have met us and may not know about us.

Riverside Lbr. Co., Inc., was organized three years ago by seven local boys who owned their own homes in Coquille at that time. It was organized, believing that sincere, honest, pooled efforts would make our lives a little freer, a little happier, a little fuller. With God's help we have accomplished part of our ends.

With all sincerity, we believe we can pass some of our happiness, and a measure of our fuller life, on to the people of this community. To do this we have established a building supply business.

This will occupy the large building you may have noticed under construction half way between the business district and the high school. It is on Sixth street between Taylor and Hall. We have a two-story building with 11,000 sq. ft. of floor space and 5½ lots.

Come and meet us April 17th

We expect to open officially April 17th, although our stock will not be complete at that time. Eventually and as rapidly as possible we will stock everything the builder will need.

As the years pass we all will need homes, business buildings, farm dwellings and therein is where that journey together can be an adventure in pleasant relations and the actual realization of a fuller life.

If you haven't met socially, or in business, one of the following boys, we will deem it a great pleasure to make your acquaintance on Saturday, April 17th, when we are inviting all our friends and neighbors to inspect our store and all it contains,
