Fairview Extension Unit Meets

Fairview Extension unit met at the home of Mrs. Ada Thommen. Miss Lucy Lane conducted the meeting with which Mrs. Ella Winkels assisted. The topic of the day was, "Concealing Figure Irregularities," which was much more interesting than the ladies in the unit had thought.

Those present were Mesdames Roxy Frye, Madeline Miller, Viollette Geitner, Ada Thommen, Virginia Stillwell, Viola Hill, Dorane Dungey, Ethel Saylor, Amanda Johnson, and Myrtle Carter. A lovely planned luncheon was given topped off with apple pie a la mode. As they ate and the topic of food predominated, Mrs. Amanda Johnson gave an interesting talk on how years ago she and others went up on the hills on the upper North Fork and picked huckleberries.

There were three buggies of them and the buggy in the middle coming home, had a young colt pulling it. Something frightened the colt and it rammed into Mrs. Johnson's buggy, which was in the lead. Both parties in each buggy were thrown out and also all the precious huckleberries, representing about seven to ten gallons and several

hours of hard work. It was certainly of interest to all of the ladies and made that second cup of coffee worth while. After lunch materials were shown and also the ladies were instructed on which type persons different patterns should be worn.

November 3rd is the date for the next meeting which will be on "Refresher of Textiles." Unit Leader Viola Hill will conduct the meeting with Myrtle Carter assisting. Let's try to have all regular members present and also each one bring a friend.
