"Listen, Joe Green,"
said a still, small voice . . .

"I don't need to tell you, Joe Green, that shoes for homeless kids cost a whale of a lot more this year.

"Or that it now takes quite a good deal more folding money to make a sick child well . . .

"Because you KNOW that rising costs have hit our Red Feather services—and hit 'em hard.

"But maybe you don't know that we have more children in our town than ever before. (Birth rates for the last ten years have been climbing.) Each of these youngsters deserves the chance for healthier, happy living our Red Feather services can give.

"And maybe you didn't know there're more old folks in our town. (Science has added 16 years to our lives.) That means more visiting nurses needed, more special recreation . . . more calls for Red Feather services.

"And we're still losing too many families to the divorce courts. Still letting too many boys and girls slip into delinquency. Red Feather services can help prevent this—if we give them more tools to work with.

"Joe, we've all got to give more to our Community Chest this year than we've been giving in the past.

"What's that, you can't afford to give more just now? Yes, you can, Joe. By signing a pledge you can spread your gift out through the year. So give all you can now: pay the balance as the year goes along.

"And please, Joe, when you make your pledge, make it large enough for all Red Feather services—enough for a full year!"

P. S. Dear reader . . . doesn't your conscience say the same thing to you?

Remember—one pledge covers many Red Feather services. Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH . . . enough for ALL Red Feather services . . . enough for a FULL year.

Everybody benefits . . . Everybody gives
