Vitamins Needed To Cure A Sick World Speaker Tells School Groups This Week

Dr. James A. Millar states that vitamins are needed for a sick world. Dr. Millar, director and lecturer for the Good Citizenship Foundation, Portland, spoke on the subject of "Vitamins for Our Democracy," listing three vitamins as essentially important: 1. Intelligence, 2. Imagination, 3. Integrity.
 In discussing the subject of intelligence he particularly stressed the type of intelligence which is commonly known as "horse sense." The ability to meet diversity without a hot head and cold feet is deemed very important.
 He stressed the importance of patience, this applying even to the international situation. It took eight years to frame the constitution of the United States which had a very meager population and we still have trouble interpreting it even after 175 years. We are, however, impatient as to what the Marshall Plan has been able

to do in only three years with the vast number of people of different countries involved. Dr. Millar believes that the United States is making progress, but we largely hear only about the failures through commentators, some of whom he classes as "commentators."
 In speaking on the subject of imagination, he stated that vicarious imagination is most essential. He stated that Jesus, in all of his teachings on the Gospel, attempted to get people to put themselves in the place of others in order to realize how they would feel in that particular situation. He stated that in this revolution which is going on throughout the world, that the race question is playing a very important part.
 Dr. Millar spoke this week before several high schools in the county and before the Inter-Church Fellowship of Coquille and the Inter-Church Fellowship of Myrtle Point.

Oregon Dairymen List Many Topics For Annual Meet

Use of the new weedicide, 2,4,5-T, for control of brushy plants such as blackberry in western Oregon pastures will be among topics discussed by Virgil Freed, O.S.C. experiment agronomist, during the 55th annual meeting of the Oregon Dairymen's association.
 Dates for the convention, on the Oregon State college campus, are January 17, 18 and 19, Roger Morse, O. S. C. extension dairyman, announced recently.
 Annual meetings of the Oregon Guernsey, Holstein-Friesia and Jersey Cattle clubs will be held on January 17. The afternoon of the opening day, association committees will convene, dealing with dairy products promotion, herd improvement, disease control and resolutions.
 Association President Judge W. A. Johnson, Grants Pass, will call the general session to order at 10 o'clock Tuesday morning, January 18. During the morning session, H. P. Ewalt, O.S.C. extension dairyman, and F. B. Wolberg, dairy department staff member, will discuss "Oregon's Testing cattle will be the topic of Dr. J. R. Haag, experiment station chemist, to complete the morning program. Freed's discussion of weed control will be an afternoon feature.
 Other speakers to appear before the group include Dr. C. F. Haynes, state veterinarian, Salem; Ben Simonson, manager, Oregon dairy breeders association, Corvallis; Director E. L. Peterson, state department of agriculture, Salem, and Leroy E. Warner, O.S.C. extension soil conservation specialist.
 Of particular importance to dairymen will be the discussion on mastitis led by Dr. J. R. Schnautz, O.S.C. veterinary department.
 A visit to the Oregon dairy breeders' association bull stud north of Corvallis will be an added feature of the three-day meeting.

 The third period was desultory. Each team scored four points but played very ragged ball.
 In the final quarter Myrtle Creek made a desperate bid to overtake the Bulldogs and actually outplayed the North Bend five. Time, however, was against the invaders, and that fact coupled with a last-minute Bulldog splurge, brought victory to North Bend.
 Shattuck, North Bend guard, won scoring honors with 13 points dropped through the hoop. Weaver, Myrtle Creek guard, annexed the top spot for the losers with ten counters.

Your Credit Record is an Open Book

Preserving a good credit record is not only a matter of convenience, but of personal prestige.

For if you fall into the bad habit of not paying your bills promptly, the fact may become known to the merchant, physician, dentist, hospital, fuel dealer and other credit granters.

The files of the Credit Bureau show how you pay your bills. This record is available not only to the members of the Credit Bureau in your own community, but to the members of more than 1300 other Credit Bureaus throughout all the United States and Canada.

The Credit Bureau does not make your credit record. It merely keeps the record. If you are careful to buy only what you can pay for—and pay for it when it is due—the Credit Bureau will reflect your good reputation. If you buy more than you can afford—and don't pay promptly—these facts will be available to those from whom you may want to obtain further credit.

Your Credit Record is an open book—written by yourself in the way you meet your obligations. The only way to maintain it is by paying every bill on the date it is due.
