

A Picnic Center

PATTERSON GROVE, one of the loveliest of small wooded city parks in Southwestern Oregon is all ready for the 1949 season, Park Commission Chairman Ray Hunsaker announced today. A complete program of readying of the park has been completed by John McWhorter for the park commission, and picnic tables are ready for many Coquille people who may want to hold family parties there during the July 4th holidays. Pictured above is a group of Rotarians in front of the Rotary-Girl Scout fireplace which was built and donated for Patterson Grove use by the Coquille Rotary club last year. The fireplace is available for all users of the park. City water is piped to the park and there are toilet facilities. A second picnic area now ready for Coquille people, out-of-town shoppers, and others is behind the Community building. Patterson Grove may be reached by driving up Fifth street East until the park entrance is reached.
