THANKS, AMERICA, FOR the biggest half year in Studebaker history!

THE Studebaker buying wave that's sweeping the country grew to huge proportions the past few weeks.

By the end of June, so many people had bought new Studebakers that the biggest half year in all Studebaker history was recorded.

A 1949 Studebaker is more than a new vision of loveliness inside and outside. It brings new thrills that counts, new handling ease and riding comfort into motoring.
